Reflections on Judging - Richard A. Posner 2013-10-07

For Richard Posner, legal formalism and formalist judges--notably Antonin Scalia--present the main obstacles to coping with the dizzying pace of technological advance. Posner calls for legal realism--gathering facts, considering context, and reaching a sensible conclusion that inflicts little collateral damage on other areas of the law.

Cross-Cultural Reflections on Chinese Aesthetics, Gender, Embodiment and Learning - Eva Kit Wah Man 2020-01-29

This book gathers research and writings that reflect on traditional and current global issues related to art and aesthetics, gender perspectives, body theories, knowledge and learning. It illustrates these core dimensions, which are bringing together philosophy, tradition and cultural studies and laying the groundwork for comparative research and dialogues between aesthetics, Chinese philosophies, Western feminist studies and cross-cultural thought. Pursuing an interdisciplinary approach, the book also integrates philosophical enquiries with cultural anthropology and contextual studies. As implied in the title, the main methodologies are cross-cultural and comparative studies, which touch on performances in art and aesthetics, social existence and education, and show that philosophical enquiries, aesthetical representation and gender politics are simultaneously historical, living and contextual. The book gathers a wealth of cross-cultural reflections on philosophical aesthetics, gender existence and cultural traditions. The critical thinking within will benefit undergraduates, postgraduates and researchers in the area of comparative philosophies. It blends academic rigor with personal reflection, which is a critical practice in feminist philosophy itself.

Reflections on Men and Ideas - Giorgio De Santillana 1968

We Hold These Truths - John Courtney Murray 2005

The 1960 publication of *We Hold These Truths* marked a significant event in the history of modern American thought. Since that time, Sheed & Ward has kept the book in print and has published several studies of John Courtney Murray's life and work. We are proud to present a new edition of this classic text, which features a comprehensive introduction by Peter Lawler that places Murray in the context of Catholic and American history and thought while revealing his relevance today. From the new Introduction by Peter Lawler: The Jesuit John Courtney Murray (1904-67) was, in his time, probably the best known and most widely respected American Catholic writer on the relationship between Catholic philosophy and theology and his country's political life. The highpoint of his influence was the publication of *We Hold These Truths* in the same year as an election of our country's first Catholic president. Those two events were celebrated by a Time cover story (December 12, 1960) on Murray's work and influence. The story's author, Protestant Douglas Auchincloss, reported that it was "The most relentlessly intellectual cover story I've done." His amazingly wide ranging and dense-if not altogether accurate-account of Murray's thought was crowned with a smart and pointed conclusion: "If anyone can help U.S. Catholics and their non-Catholic countrymen toward the disagreement that precedes understanding-John Courtney Murray can." . . . Murray's work, of course, is treated with great respect and has had considerable influence, but now it's time to begin to think of him as one of America's very few genuine political philosophers. His disarmingly lucid and accessible prose has caused his book to be widely cited and celebrated, but it still is not well understood. It is both

praised and blamed for reconciling Catholic faith with the fundamental premises of American political life. It is praised by liberals for paving the way for Vatican II's embrace of the American idea of religious liberty, and it is

A Man in Transition - Craig Galati 2008-03

"We are here to transition. And that transition is a way of becoming closer to who we are so we can be one with the universe." -Craig Galati, from *A Man in Transition* In the self-described "midsummer" of his life, Craig Galati picked up a pen and began writing from the heart. It was as though the words flowed through him. The result is the book you have before you, a series of deeply personal reflections on relationships, leadership and life as seen through the prism of "transition." Like all of us, Craig occupies many roles: Architect. Consultant. Family man. Writer. Concerned citizen. Human being. From these diverse perspectives, he begins to make sense of the transitional nature of life. Never pretentious, always engaging, Craig explores such far-ranging and universal themes as commitment, intention, selflessness, authenticity and the power of caring with a keen eye and a deft touch. Clearly comfortable in the midst of his own transitions, Craig takes us on a journey that ultimately becomes our own.

[Give a Man a Fish](#) - James Ferguson 2015-05-20

In *Give a Man a Fish* James Ferguson examines the rise of social welfare programs in southern Africa, in which states make cash payments to their low income citizens. More than thirty percent of South Africa's population receive such payments, even as pundits elsewhere proclaim the neoliberal death of the welfare state. These programs' successes at reducing poverty under conditions of mass unemployment, Ferguson argues, provide an opportunity for rethinking contemporary capitalism and for developing new forms of political mobilization. Interested in an emerging "politics of distribution," Ferguson shows how new demands for direct income payments (including so-called "basic income") require us to reexamine the relation between production and distribution, and to ask new questions about markets, livelihoods, labor, and the future of progressive politics.

A Guide to Men: Being Encore Reflections of a Bachelor Girl - Helen Rowland 2017-09-05

Patriarchy Blues - Frederick Joseph 2022-05-17

NEW YORK TIMES BESTSELLER "[A] scorching treatise on toxic masculinity. Joseph's critiques of "the patriarchy... both overt and ingrained" are razor-sharp, but it's the clear-eyed reckoning of his own place within it that tethers the soul of his book." —Publishers Weekly "Joseph has learned a great deal from bell hooks here, and I think she would be proud because Patriarchy Blues is such a moving, inspiring, rigorous vision for living." —Robert Jones, Jr., New York Times bestselling author of *The Prophets* In this personal and poignant collection, the author of the New York Times bestseller *The Black Friend* examines the culture of masculinity through the lens of a Black man. What does it mean to be a man today? How does the pervasive yet elusive idea of "toxic masculinity" actually reflect men's experiences—particularly those of color—and how they navigate the world? In this thought-provoking collection of essays, poems, and short reflections, Frederick Joseph contemplates these questions and more as he explores issues of masculinity and patriarchy from both a personal and cultural standpoint. From fatherhood, and "manning up" to abuse and therapy, he fearlessly and thoughtfully tackles the complex realities of men's lives today and their significance for society, lending his insights as a Black man. Written in Joseph's unique voice, with an intelligence and raw honesty that demonstrates both his vulnerability and compassion, *Patriarchy Blues* forces us to consider the joys, pains, and destructive nature of manhood and the stereotypes it engenders.

Black Man in a White Coat - Damon Tweedy 2015-09-08

"When Damon Tweedy first enters the halls of Duke University Medical School on a full scholarship, he envisions a bright future where his segregated, working class background will become largely irrelevant. Instead, he finds that he has joined a new world where race is front and center. When one of his first professors mistakes him for a maintenance worker, it is a moment that crystallizes the challenges he will face throughout his early career. Making matters worse, in lecture after lecture the common refrain for numerous diseases resounds, "More common in blacks than whites." In riveting, honest prose, *Black Man in a White Coat* examines the complex ways in which both black doctors and patients must navigate the difficult and often contradictory terrain of race and medicine. As Tweedy transforms from student to practicing physician, he discovers how often race influences his encounters with patients. Through their stories, he illustrates the complex social, cultural, and economic factors at the root of most health problems in the black community. These elements take on greater meaning when Tweedy finds himself diagnosed with a chronic disease far more common among black people. In this powerful, moving, and compassionate book, Tweedy deftly explores the challenges confronting black doctors, and the disproportionate health burdens faced by black patients, ultimately seeking a way forward to better treatment and more compassionate care.- For readers of Atul Gawande, Sandeep Jauhar, Pauline W. Chen, and Henrietta Lacks"--

Reflections of an Ordinary Man - Adrienne Hand 2018-08-15

Philosophical reflections of a distinguished business owner over time.

[Reflections of a Simple Man](#) - Aaron M. Kreps 2009-05-08

Reflections of a Simple Man is not a traditional poetry book, it is just an average Joe's reflection on self, and the world around him. In this fast paced world it's far too easy to lose sight of the simple things, and it's those simple things that are life. The books' intentions are to provoke thought in readers and hopefully remind them of a simpler time. To inspire people to take the time and see the things that we all look past every day, and maybe even change those things within ourselves that cloud our reflection. The hardest reflection for me to see clear, was always my own. A percentage of all proceeds of this book will be given to The National Center for Missing and Exploited Children.

Gurdjieff - Jacob Needleman 1998-01-01

"This 449-page collection of essays on the life of the famous (or infamous?) George Ivanovitch Gurdjieff could serve as the definitive tome on the eccentric and enigmatic teacher."

Reflections of a Clyde-built Man - Jimmy Reid 1976

The Man Christ Jesus - Bruce A. Ware 2012-11-30

Liberal attacks on the doctrine of the divinity of Christ have led evangelicals to rightly affirm the centrality of Jesus's divine nature for his person and work. At times, however, this defense of orthodoxy has led some to neglect Christ's full humanity. To counteract this oversight, theologian Bruce Ware takes readers back to the biblical text, where we meet a profoundly human Jesus who struggled with many of the same difficulties and limitations we face today. Like us, he grew in faith and wisdom, tested by every temptation common to man. And like us, he too received power for godliness through the Holy Spirit, and thus serves not only as the divine Lord to be worshiped, but also the supreme Human to be followed.

[Reflections on Anger](#) - Christa Reiser 2001

The Mismeasure of Man (Revised and Expanded) - Stephen Jay Gould 2006-06-17

The definitive refutation to the argument of *The Bell Curve*. When published in 1981, *The Mismeasure of Man* was immediately hailed as a masterwork, the ringing answer to those who would classify people, rank them according to their supposed genetic gifts and limits. And yet the idea of innate limits—of biology as destiny—dies hard, as witness the attention devoted to *The Bell Curve*, whose arguments are here so effectively anticipated and thoroughly undermined by Stephen Jay Gould. In this edition Dr. Gould has written a substantial new introduction telling how and why he wrote the book and tracing the subsequent history of the controversy on innateness right through *The Bell Curve*. Further, he has added five essays on questions of *The Bell Curve* in particular and on race, racism, and biological determinism in general. These additions strengthen the book's claim to be, as Leo J. Kamin of Princeton University has said, "a major contribution toward deflating pseudo-biological 'explanations' of our present social woes."

Reflections of a Nonpolitical Man - Thomas Mann 2021-05-18

A classic, controversial book exploring German culture and identity by the author of *Death in Venice* and *The Magic Mountain*, now back in print. When the Great War broke out in August 1914, Thomas Mann, like so many people on both sides of the conflict, was exhilarated. Finally, the era of decadence that he had anatomized in *Death in Venice* had come to an end; finally, there was a cause worth fighting and even dying for, or, at least when it came to Mann himself, writing about. Mann immediately picked up his pen to compose a paean to the German cause. Soon after, his elder brother and lifelong rival, the novelist Heinrich Mann, responded with a no less determined denunciation. Thomas took it as an unforgivable stab in the

back. The bitter dispute between the brothers would swell into the strange, tortured, brilliant, sometimes perverse literary performance that is *Reflections of a Nonpolitical Man*, a book that Mann worked on and added to throughout the war and that bears an intimate relation to his postwar masterpiece *The Magic Mountain*. Wild and ungainly though Mann's reflections can be, they nonetheless constitute, as Mark Lilla demonstrates in a new introduction, a key meditation on the freedom of the artist and the distance between literature and politics. The NYRB Classics edition includes two additional essays by Mann: "Thoughts in Wartime" (1914), translated by Mark Lilla and Cosima Mattner; and "On the German Republic" (1922), translated by Lawrence Rainey.

The Warriors - Jesse Glenn Gray 1999-01-01

J. Glenn Gray entered the army in May 1941, having been drafted on the same day he achieved his doctorate in philosophy from Columbia University. Over a decade after his discharge in 1945, Gray began to reread his war journals and letters in an attempt to find meaning in his wartime experiences. The result is a philosophical meditation on what warfare does to us and why soldiers act as they do.

Reflections on Human Nature - Arthur O. Lovejoy 2020-02-03

He discusses the theory of human nature held by the founders of the American Constitution, giving special attention to James Madison and the "Federalist Papers."

I Take My Coffee Black - Tyler Merritt 2023-04-04

Tyler Merritt's video "Before You Call the Cops" has been viewed more than 60 million times. The viral video's main point--the more you know someone, the more empathy, understanding, and compassion you have for that person--is the springboard for this book. By sharing his highs and exposing his lows, Tyler welcomes us into his world, allowing us to get to know him and helping bridge the divides that seem to grow wider every day. In *I Take My Coffee Black*, Tyler tells hilarious stories from his own life as a black man in America. He talks about his multi-cultural childhood in Las Vegas that didn't necessarily prepare him for life in the South, his passion for rap music and musical theater, how Jesus barged in uninvited and changed his life forever (it all started with a Triple F.A.T. Goose jacket) and the shocking events that occurred after his video went viral that no one has heard. Throughout his stories, he also seamlessly weaves in lessons about privilege, the legacy of lynching and sharecropping, and why you don't cross black mamas, teaching readers about the history of encoded racism that still undergirds our society today. By turns witty, insightful, touching, and laugh-out-loud funny, *I Take My Coffee Black* not only paints a portrait of one man's experience of being Black in America, but also expresses the valuable connections we miss when we do not take the time to learn about others' lives and experiences. This book enlightens, illuminates, and entertains--ultimately building the kind of empathy that might just be the antidote against the racial injustice in our society.

Transformation - Stephen W. Smith 2010-08-27

Life is not a flow chart. We weren't meant to master it on our own. We weren't meant to be mastered by it either. The discussion guides in the *Transformation of a Man's Heart* series put us in conversation with God and with one another to see how God shapes and transforms us in the ordinary experiences of our lives. Am I every going to change? he asks. If we're honest with ourselves, we'll admit that we're not the men we wish we were. Not only our dreams but our values are vulnerable to external forces and internal chaos: the wounds inflicted on us as well as the compromises we've allowed ourselves to make. In this discussion guide, inspired by essays in *The Transformation of a Man's Heart*, men will be reminded that wherever they find themselves, God is there with them, inviting them forward onto a new and better path. This study accompanies the book, *The Transformation of a Man's Heart*, compiled and edited by Stephen W. Smith.

[Reflection of a Man](#) - Roy Flukinger 2008-02-01

Stanley Marcus was known the world over as an innovative marketer and retailer with a refined sense of taste and style whose leadership transformed his family's Dallas clothing store, Neiman Marcus, into a globally recognized arbiter of fashion. However, his refined sensibility was also expressed in a very private passion for photography, shared only with family and close friends. Marcus's daughter Jerrie Marcus Smith and his granddaughter Allison V. Smith celebrate this passion in *Reflection of a Man*, a representative selection of the thousands of photographs Marcus shot on business trips in Europe, on vacations in Mexico, and during family celebrations. These photographs underscore what we already know about the man in terms of an eye for elegance, a preoccupation with merchandising, and an enthusiasm for the enjoyment of life, but they also reveal a talent for capturing the purity of a moment and memorializing instances of beauty. In addition to the photographs, Oscar de la Renta, the couture fashion designer, relates his experience with the master of the art of the sale; Jack Lenor Larsen, the dean of modern fabric design, pays tribute to his long friendship with Marcus; and Roy Flukinger, Senior Research Curator of Photography at the Harry Ransom Humanities Research Center at the University of Texas at Austin, critiques Marcus's photographs.

Reflections from the Man in the Mirror - Timothy A. Natale 2016-12-26

Life is the ultimate team sport, you simply can't go through it alone. It took me a long time to realize just how true that was. Once I did, it was life changing, and this book talks about my journey to developing a man in the mirror I could be proud of while living a life to make a difference, and make my family proud. It was a bumpy road, and I am nowhere near content with the man I am, but everyday is a step in the right direction. Today when I look in the mirror, I see all the men and women who helped me become the man I am today. These reflections are just a fraction of my journey, but I wish to share with you reflections from the deepest depths of my heart and soul that have drastically altered the course of my life.

Reflections in a Golden Eye - Carson McCullers 2015-03-17

The classic tale of marriage, infidelity, and homosexual yearning on a Southern army base by the acclaimed author of *The Ballad of the Sad Café*. Georgia, 1930s. Army bases are notoriously boring places during peacetime, but the quiet life of Captain Penderton is thrown into turmoil by the arrival of dashing ladies' man Major Langdon. Penderton's marriage has always been tempestuous, but when his wife Leonora begins an affair with Langdon, Penderton finds himself increasingly unable to mask his attraction to the handsome young private he has assigned to do his yard work. And tensions rise to explosive levels as that private develops a dangerous infatuation with Leonora. A scandal when it was first published in 1941, *Reflections in a Golden Eye* was later adapted into a film starring Marlon Brando, Elizabeth Taylor, and Robert Forester.
