The long-running dispute over East Timor was for many years an unresolved item on the agenda of the international community. It involved issues of self-determination, non-recognition, and human rights. This book was first published in 1996, five years before East Timor regained its independence. It thus serves as a record of the basic materials relating to the historical background, to the circumstances of the Indonesian invasion and following incorporation of East Timor, to the subsequent development of the dispute in the light of the international community's response to it, and, finally, to the 1995 judgment of the International Court of Justice in the case concerning East Timor between Portugal and Australia. The volume contains a substantive introduction which places the documents in context and provides an overview of the political and legal issues of the dispute.

Promoting Law Student and Lawyer Well-Being in Australia and Beyond - Rachel Field 2016-04-14

University can be a psychologically distressing place for students. Empirical studies in Australia and the USA highlight that a large number of

law students suffer from psychological distress, when compared to students from other disciplines and members of the general population. This book explores the significant role that legal education can play in the promotion of mental health and well-being in law students, and consequently in the profession. The volume considers the ways in which the problems of psychological distress amongst law students are connected to the way law and legal culture are taught, and articulates curricula and extra-curricula strategies for promoting wellbeing for law students. With contributions from legal academics, legal practitioners and psychologists, the authors discuss the possible causes of psychological distress in the legal community, and potential interventions that may increase psychological well-being. This important book will be of interest to legal academics, law students, members of the legal profession, post-graduate researchers as well as non-law researchers interested in this area.
