Perspectives Intermediate - National Geographic Learning 2017-08-03
Perspectives teaches learners to think critically and to develop the language skills they need to find their own voice in English. The carefully guided language lessons, real-world stories and TED Talks motivate learners to think, creatively and communicate effectively.

Tech Talk - John Sydes 2005-01-01

Tech Talk is a new course in practical, everyday communication for the workplace. Tech Talk equips learners for real-life, hands-on tasks like describing a problem, giving instructions, explaining functionality, or offering help. From maintenance to customer service, and from manufacturing to technical support, the locus is always on getting the job done. The Workbook offers further practice of key language and vocabulary, and can be used for self-study at home or in the classroom.

American English File 2 Workbook - Clive Oxenden 2008-03-01

American English File gets students talking thanks to its unique and proven formula combining confidence-building, opportunity, and motivation. High-interest content is organized in lively, achievable lessons, using humor and imagination to encourage students to communicate and enjoy learning English. Solid grammar, vocabulary, and pronunciation foundation carefully supports the work with the four skills and gradually builds students' confidence and performance in English. The Workbook helps students to study more effectively, with clear links to the Student Book and the Students' Website. The Multi-ROM, available with the Workbook, includes an interactive CD-ROM and an audio CD, with video extracts and activities, interactive grammar quizzes, vocabulary banks, pronunciation charts, and listen and practice audio material.

Talk Like TED - Carmine Gallo 2014-03-04

Ideas are the currency of the twenty-first century. In order to succeed, you need to be able to sell your ideas persuasively. This ability is the single greatest skill that will help you accomplish your dreams. Many people have a fear of public speaking or are insecure about their ability to give a successful presentation. Now public speaking coach and bestselling author Carmine Gallo explores what makes a great presentation by examining the widely acclaimed TED Talks, which have redefined the elements of a successful presentation and become the gold standard for public speaking. TED ? which stands for technology, entertainment, and design ? brings together the world's leading thinkers. These are the presentations that set the world on fire, and the techniques that top TED speakers use will make any presentation more dynamic, fire up any team, and give anyone the confidence to overcome their fear of public speaking. In his book, Carmine Gallo has broken down hundreds of TED talks and interviewed the most popular TED presenters, as well as the top researchers in the fields of psychology, communications, and neuroscience to reveal the nine secrets of all successful TED presentations. Gallo's step-by-step method makes it possible for anyone to deliver a presentation that is engaging, persuasive, and memorable. Carmine Gallo's top 10 Wall Street Journal Bestseller Talk Like TED will give anyone who is insecure about their public speaking abilities the tools to communicate the ideas that matter most to them, the skill to win over hearts and minds, and the confidence to deliver the talk of their lives. The opinions expressed by Carmine Gallo in TALK LIKE TED are his own. His book is not endorsed, sponsored or authorized by TED Conferences, LLC or its affiliates.

Q Skills for Success: Reading and Writing 5: Student Book with Online Practice - Sarah Lynn 2011-07-14

Paradigm Shifts in 21st Century Teaching and Learning - Orak?, ?enol 2020-04-24

One of the most important transformations in the world today is the adaptation to education and teaching methods that must be made to enhance the learning experience for Millennial and Generation Z students. The system in which the student is passive and the teacher is active is no longer the most effective form of education. Additionally, with the increased availability to information, knowledge transfer is no longer done solely by the teacher. Educators need to become moderators in order to promote effective teaching practices. *Paradigm Shifts in 21st Century Teaching and Learning* is an essential scholarly publication that examines new approaches to learning and their application in the teaching-learning process. Featuring a wide range of topics such as game-based learning, curriculum design, and sustainability, this book is ideal for teachers, curriculum developers, instructional designers, researchers, education professionals, administrators, academicians, educational policymakers, and students.

Business Objectives - Vicki Hollett 1996

Psychology: A Very Short Introduction - Gillian Butler 2000-02-24

Psychology is part of everyone's experience: it influences the way we think about everything from education and intelligence, to relationships and emotions, advertising and criminality. People readily behave as amateur psychologists, offering explanations for what people think, feel, and do. But what exactly are psychologists trying to do? What scientific

grounding do they have for their approach? This book provides an understanding of some of psychology's leading ideas and their practical relevance, making it a stimulating introduction for anyone interested in understanding the human mind. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Tech Talk - Vicki Hollett 2005

Suitable for adult learners working in the international technical sector, this title features vocabulary relevant to technical applications. It provides practical speaking tasks that enable learners to use new language in hands-on contexts. It also includes survival skills, such as getting directions, changing money, and ordering food.

English for the Energy Industry - Simon Campbell 2008

The Horse, the Wheel, and Language - David W. Anthony 2010-08-15

Roughly half the world's population speaks languages derived from a shared linguistic source known as Proto-Indo-European. But who were the early speakers of this ancient mother tongue, and how did they manage to spread it around the globe? Until now their identity has remained a tantalizing mystery to linguists, archaeologists, and even Nazis seeking the roots of the Aryan race. The Horse, the Wheel, and Language lifts the veil that has long shrouded these original Indo-European speakers, and reveals how their domestication of horses and use of the wheel spread language and transformed civilization. Linking prehistoric archaeological remains with the development of language, David Anthony identifies the prehistoric peoples of central Eurasia's steppe grasslands as the original speakers of Proto-Indo-European, and shows how their innovative use of the ox wagon, horseback riding, and the warrior's chariot turned the Eurasian steppes into a thriving transcontinental corridor of communication, commerce, and cultural exchange. He explains how they spread their traditions and gave rise to important advances in copper mining, warfare, and patron-client political institutions, thereby ushering in an era of vibrant social change. Anthony also describes his fascinating discovery of how the wear from bits on ancient horse teeth reveals the origins of horseback riding. The Horse, the Wheel, and Language solves a puzzle that has vexed scholars for two centuries--the source of the Indo-European languages and English--and recovers a magnificent and influential civilization from the past.

The course contains the core language and skills which are common to a range of industrial specialisations. It presents key technical concepts concisely with labelled illustrations.

The Negro Motorist Green Book - Victor H. Green

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

New Headway: Pre-Intermediate Fourth Edition: Student's Book - John Soars 2012-03-15
