Essays on Religion, Science, and Society -
Herman Bavinck 2008-06

The Body of Writing: An Erotics of Contemporary American Fiction examines four postmodern texts whose authors play with the material conventions of "the book": Joseph McElroy's *Plus* (1977), Carole Maso's *AVA* (1993), Theresa Hak Kyung Cha's *DICTEE* (1982), and Steve Tomasula's *VAS* (2003). By demonstrating how each of these works calls for an affirmative engagement with literature, Flore Chevallier explores a centrally important issue in the criticism of contemporary fiction. Critics have claimed that experimental literature, in its disruption of conventional story-telling and language uses, resists literary and social customs. While this account is accurate, it stresses what experimental texts respond to more than what they offer. This book proposes a counter-view to this emphasis on the strictly privative character of innovative fictions by examining experimental works' positive ideas and affects, as well as readers' engagement in the formal pleasure of experimentations with image, print, sound, page, orthography, and syntax. Elaborating an erotics of recent innovative literature implies that we engage in the formal pleasure of its experimentations with signifying techniques and with the materiality of their medium. Such engagement provokes a fusion of the reader's senses and the textual material, which invites a redefinition of corporeality as a kind of textual practice.

Bavinck on the Christian Life - John Bolt

2015-08-31

The importance of Dutch theologian Herman Bavinck to Reformed theology is difficult to overstate. Bavinck's comprehensive four volume systematic theology, *Reformed Dogmatics*, is a modern classic that has influenced countless pastors and theologians over the past 100 years. In *Bavinck on the Christian Life*, scholar John Bolt brings the great Dutch theologian's life and work to bear on following Jesus in the 21st century. By practically applying Bavinck's systematic works to the Christian life and looking at the life of the man himself, this book shows the direct connection between robust theology, practical holiness, and personal joy. John Owen is widely hailed as one of the greatest theologians of all time. His many works—especially those encouraging Christians in their struggle against sin—continue to speak powerfully to readers today, offering much-needed spiritual guidance for following Christ and resisting temptation day in and day out. Starting with an overview of Owen's life, ministry, and historical context, Michael Haykin and Matthew Barrett introduce readers to the pillars of Owen's spiritual life. From exploring his understanding of believers' fellowship with the triune God to highlighting his teaching on justification, this study invites us to learn about the Christian life from the greatest of the English Puritans. Part of the *Theologians on the Christian Life* series.

The Last Things - Herman Bavinck 1996

Herman Bavinck's Gereformeerde Dogmatiek represents the concluding high point of some four centuries of remarkably productive Dutch Reformed theological reflection. From Bavinck's numerous citations of key Dutch Reformed theologians such as Voetius, de Moor, Vitringa, van Mastricht, Witsius, and Walaeus as well as the important Leiden Synopsis purioris theologiae, it is clear he knew that tradition well and claimed it as his own. At the same time Bavinck was not simply a chronicler of his own church's past teaching. He seriously engaged other theological traditions, notably the Roman Catholic and the modern liberal Protestant ones; effectively mined the church fathers and great medieval thinkers; and placed his own distinct neo-Calvinist stamp on the Reformed Dogmatics. - John Bolt.

Serving as a companion to Reformed Dogmatics, Reformed Ethics offers readers Bavinck's mature reflections on ethical issues. This book, the

second of three planned volumes, covers the duties of the Christian life and includes Bavinck's exposition of the Ten Commandments. Orthodox Yet Modern - Cory C. Brock 2020-07-22

Herman Bavinck showed that orthodox theology continues to speak authoritatively today. Since the English translation from Dutch of Herman Bavinck's magisterial 4-volume Reformed Dogmatics, there has been a blossoming interest in Bavinck's theology. Readers have been drawn to Bavinck for his faithfulness to the Reformed tradition while also engaging the questions of 19th-century Europe. Far from simply revisiting the older dogmatic systems, Bavinck faithfully engages modern trends like historical-criticism, the epistemological problems raised by Kant, the rationalism of the philosophes, and the radical changes ushered in through the French and European revolutions. The question then is, was Bavinck orthodox, modern, or both? In *Orthodox yet Modern*, Cory C. Brock argues that Bavinck acts as a bridge between orthodox and modern views, insofar as he subsumes the philosophical-theological questions and concepts of theological modernity under the conditions of his orthodox, confessional tradition. By exploring the relation between Bavinck and Schleiermacher, *Orthodox yet Modern* presents Herman Bavinck as a theologian eager to engage the contemporary world, rooted in the catholic and Reformed tradition, absorbing the best of modernity while rejecting its excesses. Bavinck represents a theologian who is at once orthodox, yet modern. *The Lost Soul of American Protestantism* - D. G. Hart 2004-08-27

In *The Lost Soul of American Protestantism*, D. G. Hart examines the historical origins of the idea that faith must be socially useful in order to be valuable. Through specific episodes in Presbyterian, Lutheran, and Reformed history, Hart presents a neglected form of Protestantism—confessionalism—as an alternative to prevailing religious theory. He explains that, unlike evangelical and mainline Protestants who emphasize faith's role in solving social and personal problems, confessional Protestants locate Christianity's significance in the creeds, ministry, and rituals of the church. Although critics have accused confessionalism of encouraging social apathy, Hart deftly argues

that this form of Protestantism has much to contribute to current discussions on the role of religion in American public life, since confessionalism refuses to confuse the well-being of the nation with that of the church. The history of confessional Protestantism suggests that contrary to the legacy of revivalism, faith may be most vital and influential when less directly relevant to everyday problems, whether personal or social. Clear and engaging, D. G. Hart's groundbreaking study is essential reading for everyone exploring the intersection of religion and daily life.

A Treatise on True Theology - Franciscus Junius 2014-10-01

Franciscus Junius (1545-1602) was an influential pastor and professor during the developmental years of Reformed orthodoxy. As a skilled linguist, biblical exegete, and theologian, Junius shaped the Reformed tradition in profound ways. Junius's *Treatise on True Theology* is a scholastic introduction to the discipline of theology. He reflects on the definition of theology, where it comes from, and the variety of modes it takes. This book set a lasting pattern for many Reformed theologians in their approach to dogmatics, establishing a benchmark for theological prolegomena for years to come. Accompanying this work is *The Life of Franciscus Junius*, which provides an autobiographical account of the tumultuous days of Junius's life and the complex circumstances that the Reformed churches faced during the French and Spanish wars of religion. Although Junius's significance in the history of Protestant theology is increasingly valued by historians, most of his impressive body of works is not available to English-speaking readers. David C. Noe's fine translation of these two important writings will certainly rectify this deficit. Readers are further aided by Willem van Asselt's valuable introductory essay, which offers a scholarly perspective on the treatise and on Junius's life and work in the context of the rise of Reformed scholasticism and orthodoxy.

Bavinck - James Eglinton 2020-09-29

Dutch Calvinist theologian Herman Bavinck, a significant voice in the development of Protestant theology, remains relevant many years after his death. His four-volume *Reformed Dogmatics* is one of the most important

theological works of the twentieth century. James Eglinton is widely considered to be at the forefront of contemporary interest in Bavinck's life and thought. After spending considerable time in the Netherlands researching Bavinck, Eglinton brings to light a wealth of new insights and previously unpublished documents to offer a definitive biography of this renowned Reformed thinker. The book follows the course of Bavinck's life in a period of dramatic social change, identifying him as an orthodox Calvinist challenged with finding his feet in late modern culture. Based on extensive archival research, this critical biography presents numerous significant and previously ignored or unknown aspects of Bavinck's person and life story. A black-and-white photo insert is included. This volume complements other Baker Academic offerings on Bavinck's theology and ethics, which together have sold 90,000 copies.

Reformed Dogmatics (Single Volume Edition) - Geerhardus J. Vos 2020-10-14

A foundational work of Reformed theology, now in one volume. Geerhardus Vos's Reformed Dogmatics represents the early theological thought of one of the premier Reformed thinkers of the nineteenth and twentieth centuries. Originally self-published in five volumes in 1896 under the title Gereformeerde Dogmatiek, this important work of Reformed theology has never before been available to an English audience. Geerhardus Vos is perhaps best known to English speakers for his books Pauline Eschatology, published in 1930, and Biblical Theology: Old and New Testaments, published in 1948. Vos's strong grounding in biblical scholarship and biblical theology gives his Reformed Dogmatics a unique, fresh biblical perspective. Though this five-volume set is systematic in nature, Geerhardus Vos brings the skills and acumen of a biblical theologian to the task. This new edition incorporates the English translations of each of the earlier volumes into a single volume for students of Reformed theology. Volume 1: Theology Proper Volume 2: Anthropology Volume 3: Christology Volume 4: Soteriology Volume 5: Ecclesiology, The Means of Grace, Eschatology

Guidebook for Instruction in the Christian Religion - Herman Bavinck 2022-03-15

"In writing this Guidebook," Bavinck says in his

preface, "I had in mind, the pupils in the highest classes of our Christian gymnasium, public schools, in the education of teachers, and in normal schools, etc. and moreover those who desire to understand the main content of our Christian, Reformed confession of faith through a not too comprehensive or expensive book." Herman Bavinck completed Guidebook for Instruction in the Christian Religion in 1913 and reprinted it in the Netherlands in 1931. He originally intended it for high school students and Christians of every confession. Bavinck's goal was to make Christians more familiar with the rich, deep thoughts of Scripture as universally expressed in the Christian faith. Guidebook for Instruction in the Christian Religion is an introductory systematic theology by one of the foremost theologians of the past century. Alongside The Sacrifice of Praise, this is Bavinck at his best doing catechetical theology. To this end, Bavinck sets off to explain in a simplified manner the main contents of the Christian religion, even giving it a title that is a tip of the hat to John Calvin's Institute of the Christian Religion. While Bavinck's lengthy Reformed Dogmatics is an academic work, Guidebook for Instruction serves a more egalitarian aim. It is a theological guide for the everyday person in the pew. In this one—and much shorter—volume, Bavinck walks Christian readers through all the major topics covered in Reformed Dogmatics with theological depth and insight.

The Christian Faith - Michael Horton

Michael Horton's highly anticipated *The Christian Faith* represents his magnum opus and will be viewed as one of—if not the—most important systematic theologies since Louis Berkhof wrote his in 1932. A prolific, award-winning author and theologian, Professor Horton views this volume as “doctrine that can be preached, experienced, and lived, as well as understood, clarified, and articulated.” It is written for a growing cast of pilgrims making their way together and will be especially welcomed by professors, pastors, students, and armchair theologians. Features of this volume include: (1) a brief synopsis of biblical passages that inform a particular doctrine; (2) surveys of past and current theologies with contemporary emphasis on exegetical, philosophical, practical, and theological questions; (3) substantial interaction with various Christian movements within the Protestant, Catholic and Orthodoxy traditions, as well as the hermeneutical issues raised by postmodernity; and (4) charts, sidebars, questions for discussion, and an extensive bibliography, divided into different entry levels and topics.

The Philosophy of Revelation - Herman Bavinck 1908

An Introduction to Systematic Theology - Cornelius Van Til 2007

Encyclopedia of Sacred Theology - Abraham Kuyper 1898

ADOPTION - Charles Spurgeon

In this issue of the Free Grace Broadcaster on adoption, Robert Alexander Webb introduces us to the importance of this vital doctrine, giving us three reasons why it is so important. Charles

Spurgeon declares that God's act of predestinating sinners to the adoption of children is an act of pure grace. What are the causes of adoption? John Gill answers by demonstrating the gracious work of the Father, the Son, and the Holy Ghost as the cause of that miracle of grace. John Murray describes the Fatherhood of God biblically, distinguishing it from the false notion that all people are the children of God. He also explains that adoption is neither justification nor regeneration, while being intimately connected to both. Abraham Booth tells us that God's grace reigns in adoption and offers clear biblical ways that believers are united to God and made part of His heavenly family. What is the nature of adoption? And what are its benefits? Do you know? David Martyn Lloyd-Jones explains both with biblical clarity and the force of truth. Scottish theologian and minister John Dick sharply contrasts the satanic family of which believers were once a part with the glory and splendor of being in God's righteous family. How does one know if he or she is indeed a child of God? Octavius Winslow beautifully explains the witness of God's Spirit in our souls that we know that we are the children of God. Then, with clarity and moving imagery, John Eadie makes a valiant attempt to tell us what it means when the apostle John says, “We shall be like him”—like Christ Jesus! And finally, Thomas Reade helps us to consider the sacred evidence of sonship. He, like Winslow, wants to help us answer the question, “Am I a child of God?” No regenerate soul can read these thoughts without being moved and without desiring to finish his course to the glory of Christ Who saved us. Articles: The Importance of Adoption - Robert Alexander Webb (1856-1919) - God's adoption of sinners as His children is a glorious and beautiful biblical truth; but God's people have not always recognized its importance, nor have they considered it as deeply and thoroughly as justification and regeneration. An Act of Pure Grace - Charles H. Spurgeon (1834-1892) - an overview of adoption that begins in God's eternal purpose before the creation of the world and appears in history through God's mighty work in sinners' hearts. The Causes of Adoption - John Gill (1697-1771) - The Father, the Son, and the Holy Spirit are all vitally involved in the

amazing grace of transforming sinners into sons and daughters of the Triune God. The Fatherhood of God - John Murray (1898-1975) - God's gracious acts of justification and regeneration are distinct from but connected to the grace of God in adopting sinners into His family. Grace Reigns in Adoption - Abraham Booth (1734-1806) - a survey of the sovereign grace of Almighty God as He gloriously transforms slaves of sin into His free children with all the privileges and graces of His divine family. Nate and Benefits of Adoption - David Martyn Lloyd-Jones (1899-1981) - How is the word adoption used in Scripture? And what benefits and assurances does a converted sinner enjoy as a child of the God? Read prayerfully. From Satan's Family to God's - John Dick (1764-1833) - To appreciate the astonishing love of God in adopting sinners into His family, we must understand something about the sinful, satanic family from which He saves us. The Witness of the Spirit - Octavius Winslow (1808-1878) - The Holy Spirit of God bears witnesses in the hearts of believers that they are indeed God's eternally loved, blood-bought children. Do you have this witness? We Shall Be Like Him - John Eadie (1810-1876) - What does it mean that believers will be like Christ? Here are precious thoughts on which to meditate deeply. Sacred Evidence of Sonship - Thomas Shaw B. Reade (1776-1841) - a precious collection of profound thoughts on discerning whether we are truly the children of God.

A Body of Divinity - James Ussher 2007-06
 "Archbishop James Ussher (1581-1656) was a leader par excellence among the Irish Puritans. His colorful history is inseparable from that of Irish Christianity and from major events transpiring simultaneously in England and Scotland. Ussher's range of achievements are outstanding, including ancient languages, patristics, ancient and Irish history, theology, and chronology. Though he is best known for his biblical chronology, I believe that his Body of Divinity is his most valuable legacy. This volume, long overdue to be reprinted, was once regarded

as a classic in the field of Reformed systematic theology and deserves to be so regarded again. Here is pristine Irish Puritan theology, presented to us in a captivating question and answer format." --Joel R. Beeke, Puritan Reformed Theological Seminary, Grand Rapids, Michigan
