The Siege - Cathy Scott-clark
2013-10-29
Winner of the CWA Nonfiction Dagger Award, the definitive account of the 2008 terrorist attacks in Mumbai Mumbai, 2008. On the night of November 26, Lashkar-e-Toiba terrorists attacked targets throughout the city, including the Taj Mahal Palace Hotel, one of the world's most

exclusive luxury hotels. For sixty-eight hours, hundreds were held hostage as shots rang out and an enormous fire raged. When the smoke cleared, thirty-one people were dead and many more had been injured. Only the courageous actions of staff and guests—including Mallika Jagad, Bob Nichols, and Taj general manager Binny

Kang—prevented a much higher death toll. With a deep understanding of the region and its politics and a narrative flair reminiscent of *Midnight in Peking*, journalists Cathy Scott-Clark and Adrian Levy vividly unfold the tragic events in a real-life thriller filled with suspense, tragedy, history, and heroism.

textured, and powerful novel written by one of the most gifted writers of our time.

The Jew Is Not My Enemy - Tarek Fatah 2010

Looks at the historical, political, and theological basis for centuries of Muslim animosity towards Jews, debunking long-held myths and tracing a history of hate and its impact today.

Black Tornado - Sandeep Unnithan 2020-04-10

Now a major web series. The 26/11 attacks, as they are now known, is widely regarded as the world's first hybrid terrorist attack. The attackers achieved through this long-drawn siege what Al Qaeda did through the high-visibility mass-casualty attack of 11 September 2001. The response to this attack was the first instance of all three wings of the Indian armed forces coming together to fight terror. The attacks tested the mettle of India's elite counter-terrorist force, the National Security Guard, whose strike element was entirely made up of army personnel; the navy dispatched

its marine commandos in the initial hours of the attack; the air force flew the NSG into the city and air-dropped them over Nariman House. Black Tornado, as the operation was called by the NSG, is the story of these men called into action in the desperate hours following the most sensational terrorist attack the country has ever seen.

The Exile - Adrian Levy

2017-05-23

Startling and scandalous, this is an intimate insider's story of Osama bin Laden's retinue in the ten years after 9/11, a family in flight and at war. From September 11, 2001 to May 2, 2011, Osama Bin Laden evaded intelligence services and special forces units, drones and hunter killer squads. *The Exile* tells the extraordinary inside story of that decade through the eyes of those who witnessed it: bin Laden's four wives and many children, his deputies and military strategists, his spiritual advisor, the CIA, Pakistan's ISI, and many others who have never before told their stories.

Investigative journalists Cathy Scott-Clark and Adrian Levy gained unique access to Osama bin Laden's inner circle, and they recount the flight of Al Qaeda's forces and bin Laden's innocent family members, the gradual formation of ISIS by bin Laden's lieutenants, and bin Laden's rising paranoia and eroding control over his organization. They also reveal that the Bush White House knew the whereabouts of bin Laden's family and Al Qaeda's military and religious leaders, but rejected opportunities to capture them, pursuing war in the Persian Gulf instead, and offer insights into how Al Qaeda will attempt to regenerate itself in the coming years. While we think we know what happened in Abbottabad on May 2, 2011, we know little about the wilderness years that led to that shocking event. As authoritative in its scope and detail as it is propulsively readable, *The Exile* is a landmark work of investigation and reporting.

Mirrors - Eduardo Galeano

2009-05-26

Throughout his career, Eduardo Galeano has turned our understanding of history and reality on its head. Isabelle Allende said his works “invade the reader's mind, to persuade him or her to surrender to the charm of his writing and power of his idealism.” Mirrors, Galeano's most ambitious project since Memory of Fire, is an unofficial history of the world seen through history's unseen, unheard, and forgotten. As Galeano notes: “Official history has it that Vasco Núñez de Balboa was the first man to see, from a summit in Panama, the two oceans at once. Were the people who lived there blind??” Recalling the lives of artists, writers, gods, and visionaries, from the Garden of Eden to twenty-first-century New York, of the black slaves who built the White House and the women erased by men's fears, and told in hundreds of kaleidoscopic vignettes, Mirrors is a magic mosaic of our humanity.

India-United States
Cooperation on Science and

Technology for Countering
Terrorism - National Institute for Advanced Studies, Bangalore, India 2014-12-23
India and the United States are the world's two largest democracies with distinguished scientific traditions and experts in a wide range of scientific-technical fields. Given these strengths and the ability to learn from one another, the U.S. National Academy of Sciences together with the National Institute for Advanced Studies in Bangalore, India, held a joint Indian-U.S. workshop to identify and examine potential areas for substantive scientific and technical cooperation that can support counterterrorism efforts through the Homeland Security Dialogue and through direct cooperation. India-United States Cooperation on Science and Technology for Countering Terrorism is the summary of that workshop. This report examines topics such as biological threats; protection of nuclear facilities; security (physical and cyber) for chemicals, chemical

facilities and other critical infrastructure; and monitoring, surveillance, and emergency response. The report also identifies and examines promising areas for further Indian-U.S. cooperation.

The Siege - Adrian Levy
2013-11-07

The Siege by Adrian Levy & Cathy Scott-Clark - a searing account of the 2005 terrorist attacks at Mumbai's famous Taj Hotel On 26th November 2008 the Taj Mahal Palace hotel in Mumbai is besieged by Pakistani Islamists, armed with explosives and machine guns. For three days, guests and staff of the hotel are trapped as the terrorists run amok. On 29th November commandos launch Operation Black Tornado. The world holds its breath. The Siege is a helter-skelter thriller, threaded with powerful human stories. By turns tragic and heroic, the events are told through a cast of real characters, who were thrown together in the luxurious,

century-old Taj: waiters, chefs, captains of industry, hedge funders, celebrities, tourists, policemen, special forces and terrorists. For the first time, this astonishing book takes us through the news footage and into the heart of the hotel. Each hostage has a choice: hide, run or fight. What would you do? This classic non-fiction account will grip readers of *No Easy Day* and *No Way Down* and will be enjoyed by fans of 'United 93' and 'The Towering Inferno'. The Modern Monk - Hindol Sengupta 2016-12-16

He loved French cookbooks, invented a new way of making khichdi, was interested in the engineering behind ship-building and the technology that makes ammunition. More than 100 years after his death, do we really know or understand the bewildering, fascinating, complex man Swami Vivekananda was? Vivekananda is one of the most important figures in the modern imagination of India. He is also an utterly modern man, consistently challenging his own views, and embracing diverse, even conflicting arguments. It is his modernity that appeals to us today. He is unlike any monk we have known. He is confined neither by history nor by ritual, and is constantly questioning

everything around him, including himself. It is in Vivekananda's contradictions, his doubts, his fears and his failings that he recognises his profoundly compelling divinity—he teaches us that to try and understand God, first one must truly comprehend one's own self. This book is an argument that it is not just because he is close to God but also because he is so tantalisingly immersed in being human that keeps us returning to Vivekananda and his immortal wisdom.

26/11 Mumbai Attacked -
Ashish Khetan 2009-02-01
Bringing together the careful research and analyses of renowned journalists and police officials, *26/11 Mumbai Attacked* explicates the reality behind the brazen attack on India's sovereignty in November 2008 when ten heavily armed terrorists held an entire city to ransom by the sheer force of their zealotry. The scene-by-scene accounts, incisive analyses, and an exclusive interview with a LeT representative along with a

description of its training camp in Muridke, Pakistan, reveal how the failure of Indian intelligence agencies landed Mumbai in the quagmire of terrorism. Paying homage to the brave security officers who lost their lives fighting the terrorists, *26/11 Mumbai Attacked* reiterates the chilling reality that India is under grave threat and the clock is ticking before the next big attack.

The Heat and Dust Project -
Saurav Jha 2015-11-01

'We were the usual: nine-to-fivers, investment-makers, mall-goers, office-trippers and city-slickers. We were life-going-to-seeders.' Living in a sunny barsati in south Delhi, Saurav Jha and Devapriya Roy are your average DINK couple, about to acquire a few EMIs and come of age in the modern consumerist world. Only, they don't. They junk the swivel chairs, gain a couple of backpacks and set out on a transformational journey across India. On a very, very tight budget: five hundred rupees a day for bed and

board. And the Heat and Dust project begins. Joining the ranks of firang gap-year kids and Israelis fresh out of compulsory army service, they travel across a land in which five thousand years of Indian history seem to jostle side by side. It is, by turns, holy and hectic, thuggish and comic, amoral and endearing. In buses that hurtle through the darkness of the night and the heat of the day, across thousands of miles, in ever new places, the richness of this crowded palette spills over into their lives. From rooms by the hour to strange dinner invitations, from spectacular forts to raging tantrums, this is a youthful account of wanderlust and whimsy, of eccentric choices that unfold into the journey of a lifetime ... and a supreme test of marriage.

Avoiding Armageddon - Bruce O. Riedel 2013

centuries, particularly in regard to relations between India and Pakistan, nuclear proliferation, the global jihad movement, and U.S. diplomatic efforts to stabilize conditions on the subcontinent"--Provided by publisher.

Terrorism in Perspective - Sue Mahan 2012-11-21

This unique text-reader combines original essays with the best of the existing literature on terrorism. Each chapter of this text begins with an overview essay written by the authors, followed by two relevant and engaging articles culled from a wide variety of popular, academic, and governmental sources. textbook format, allowing readers to deepen their understanding of each aspect of terrorism.

Surprise, Kill, Vanish - Annie Jacobsen 2019-05-14

From Pulitzer Prize finalist Annie Jacobsen, the untold USA Today bestselling story of the CIA's secret paramilitary units. Surprise . . . your target. Kill . . . your enemy. Vanish . . . without a trace. When diplomacy fails, and war is unwise, the president calls on the CIA's Special Activities Division, a highly-classified branch of the CIA and the most effective, black operations force in the world. Originally known as the president's guerrilla warfare corps, SAD conducts risky and ruthless operations that have evolved over time to defend America from its enemies. Almost every American president since World War II has asked the CIA to conduct sabotage, subversion and, yes, assassination. With unprecedented access to forty-two men and women who proudly and secretly worked on

CIA covert operations from the dawn of the Cold War to the present day, along with declassified documents and deep historical research, Pulitzer Prize finalist Annie Jacobsen unveils -- like never before -- a complex world of individuals working in treacherous environments populated with killers, connivers, and saboteurs. Despite Hollywood notions of off-book operations and external secret hires, covert action is actually one piece in a colossal foreign policy machine. Written with the pacing of a thriller, Surprise, Kill, Vanish brings to vivid life the sheer pandemonium and chaos, as well as the unforgettable human will to survive and the intellectual challenge of not giving up hope that define paramilitary and intelligence work. Jacobsen's exclusive interviews -- with members of the CIA's Senior Intelligence Service (equivalent to the Pentagon's generals), its counterterrorism chiefs, targeting officers, and Special Activities Division's Ground

Branch operators who conduct today's close-quarters killing operations around the world -- reveal, for the first time, the enormity of this shocking, controversial, and morally complex terrain. Is the CIA's paramilitary army America's weaponized strength, or a liability to its principled standing in the world? Every operation reported in this book, however unsettling, is legal.

The Oxford Handbook of Terrorism - Erica Chenoweth
2019-03-14

The Oxford Handbook of Terrorism systematically integrates the substantial body of scholarship on terrorism and counterterrorism before and after 9/11. In doing so, it introduces scholars and practitioners to state of the art approaches, methods, and issues in studying and teaching these vital phenomena. This Handbook goes further than most existing collections by giving structure and direction to the fast-growing but

somewhat disjointed field of terrorism studies. The volume locates terrorism within the wider spectrum of political violence instead of engaging in the widespread tendency towards treating terrorism as an exceptional act. Moreover, the volume makes a case for studying terrorism within its socio-historical context.

Finally, the volume addresses the critique that the study of terrorism suffers from lack of theory by reviewing and extending the theoretical insights contributed by several fields - including political science, political economy, history, sociology, anthropology, criminology, law, geography, and psychology. In doing so, the volume showcases the analytical advancements and reflects on the challenges that remain since the emergence of the field in the early 1970s.

India Impressions - Walter Crane 1907

Predicting Pearl Harbor - Ronald Drez 2017

Deception - Adrian Levy

2010-08-10

The shocking, three-decade story of A. Q. Khan and Pakistan's nuclear program, and the complicity of the United States in the spread of nuclear weaponry. On December 15, 1975, A. Q. Khan—a young Pakistani scientist working in Holland—stole top-secret blueprints for a revolutionary new process to arm a nuclear bomb. His original intention, and that of his government, was purely patriotic—to provide Pakistan a counter to India's recently unveiled nuclear device. However, as Adrian Levy and Catherine Scott-Clark chillingly relate in their masterful investigation of Khan's career over the past thirty years, over time that limited ambition mushroomed into the world's largest clandestine network engaged in selling nuclear secrets—a mercenary and illicit program managed by the Pakistani military and made possible, in large part, by aid money from the United States, Saudi Arabia, and Libya, and

by indiscriminate assistance from China. Based on hundreds of interviews in the United States, Pakistan, India, Israel, Europe, and Southeast Asia, *Deception* is a masterwork of reportage and dramatic storytelling by two of the world's most resourceful investigative journalists.

Urgently important, it should stimulate debate and command a reexamination of our national priorities.

The Amber Room - Adrian Levy
2009-05-26

The history of art has produced few works as ambitious and as valuable as the Amber Room. Famous throughout Europe as "the eighth wonder of the world," its vast and intricately worked amber panels were sent in 1717 by Frederick I of Prussia as a gift to Peter the Great of Russia. Erected some years later, they quickly became a symbol of Russia's imperial might. For more than two hundred years the Amber Room remained in its Russian palace outside St. Petersburg (Leningrad), but when the Nazi army invaded Russia and swept

towards Leningrad in 1941, the panels were wrenched from the walls, packed into crates, and disappeared from view, never to be seen again. Dozens of people have tried to trace the whereabouts of the Amber Room, and several of them have died in mysterious circumstances. Adrian Levy and Catherine Scott-Clark have gone further along the trail of this great lost treasure than anyone before them, and have unraveled the jumble of evidence surrounding its fate. Their search catapulted them across eastern Europe and into the menacing world of espionage and counterespionage that still surrounds Russia and the former Soviet bloc. In archives in St. Petersburg and Berlin, amid boxes of hitherto unseen diaries, letters, and classified reports, they have uncovered for the first time an astounding conspiracy to hide the truth. In a gripping climax that is a triumph of detection and narrative journalism, *The Amber Room* shows incontrovertibly what really

happened to the most valuable lost artwork in the world, and why the truth has been withheld for so long.

The Meadow: Kashmir 1995 - Where the Terror Began - Adrian Levy 2012-03-29

The shocking true story of a brutal kidnapping high in the mountains of Kashmir that marked the beginning of modern terrorism.

The Production of Space - Henri Lefebvre 1992-04-08

Henri Lefebvre has considerable claims to be the greatest living philosopher. His work spans some sixty years and includes original work on a diverse range of subjects, from dialectical materialism to architecture, urbanism and the experience of everyday life. *The Production of Space* is his major philosophical work and its translation has been long awaited by scholars in many different fields. The book is a search for a reconciliation between mental space (the space of the philosophers) and real space (the physical and social spheres in which we all live). In the course of his

exploration, Henri Lefebvre moves from metaphysical and ideological considerations of the meaning of space to its experience in the everyday life of home and city. He seeks, in other words, to bridge the gap between the realms of theory and practice, between the mental and the social, and between philosophy and reality. In doing so, he ranges through art, literature, architecture and economics, and further provides a powerful antidote to the sterile and obfuscatory methods and theories characteristic of much recent continental philosophy. This is a work of great vision and incisiveness. It is also characterized by its author's wit and by anecdote, as well as by a deftness of style which Donald Nicholson-Smith's sensitive translation precisely captures.

Delhi Past and Present -
Herbert Charles Fanshawe

**26/11 : The Attack on
Mumbai** - 2009-03-20
The attack on Mumbai shocked

the world. For three days terrorists wreaked havoc over multiple venues in India's commercial capital, leaving a trail of blood, death and destruction. Reporters from Hindustan Times tracked the events as they unfolded at Cama Hospital, the Chatrapati Shivaji Terminus and followed the three-day siege at the Taj and Trident Hotels and at Nariman House. The collection brings together their dispatches as well as commentaries, profiles and columns published during the siege and its aftermath. This is a dramatic snapshot of the victims, heroes and perpetrators of the attacks and also of the outrage that still grips the nation.

Trump: The Art of the Deal - Donald J. Trump 2009-12-23

President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America's foremost deal-maker. "I like thinking big. I always have. To me it's very simple: If you're going to be thinking anyway, you might as well think big."—Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges

conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker's art. And throughout, Trump talks—really talks—about how he does it. Trump: The Art of the Deal is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for Trump: The Art of the Deal "Trump makes one believe for a moment in the American dream again."—The New York Times "Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet."—Chicago Tribune "Fascinating . . . wholly absorbing . . . conveys Trump's larger-than-life demeanor so vibrantly that the reader's attention is instantly and fully claimed."—Boston Herald "A chatty, generous, chutzpa-filled

autobiography.”—New York Post
R.N. Kao - Nitin A Gokhale
2019-11-18
Somewhere deep in the archives of the Nehru Memorial Museum and Library (NMML) in the heart of New Delhi lies a set of papers that researchers and historians interested in recording the history of Indian intelligence, would love to get their hands on. Alas, those documents—transcripts of tape-recorded conversations with RN Kao, the legendary spy chief—are not going to be available until 2025, according to instructions left by him, months before he passed away in 2002. So until those tapes and papers are made public, any biography of Rameshwar Nath Kao or 'Ramji' to friends, colleagues and family would have to depend on personal memories of a vast array of individuals who knew him in different capacities and their interpretation of his personality and contribution.
The Wine Bible - Karen MacNeil 2015-10-13

Announcing the completely revised and updated edition of *The Wine Bible*, the perennial bestselling wine book praised as “The most informative and entertaining book I’ve ever seen on the subject” (Danny Meyer), “A guide that has all the answers” (Bobby Flay), “Astounding” (Thomas Keller), and “A magnificent masterpiece of wine writing” (Kevin Zraly). Like a lively course from an expert teacher, *The Wine Bible* grounds the reader deeply in the fundamentals while layering on informative asides, tips, amusing anecdotes, definitions, glossaries, photos (all new for this edition), maps, labels, and recommended bottles. Karen MacNeil’s information comes directly through primary research; for this second edition she has tasted more than 10,000 wines and visited dozens of wine regions around the world. New to the book are wines of China, Japan, Mexico, and Slovenia. And through it all the reader becomes ever more informed—and, because of the author’s unique voice, always

entertained: “In great years Pétrus is ravishing, elegant, and rich—Ingrid Bergman in red satin.” Or, describing a Riesling: “A laser beam. A sheet of ice. A great crackling bolt of lightning.”

The Line of Beauty - Alan Hollinghurst 2008-12-17
Winner of the 2004 Man Booker Prize and a finalist for the Lambda Literary Award and the NBCC award. From Alan Hollinghurst, the acclaimed author of *The Sparsholt Affair*, *The Line of Beauty* is a sweeping novel about class, sex, and money during four extraordinary years of change and tragedy. In the summer of 1983, twenty-year-old Nick Guest moves into an attic room in the Notting Hill home of the Feddens: conservative Member of Parliament Gerald, his wealthy wife Rachel, and their two children, Toby-whom Nick had idolized at Oxford-and Catherine, who is highly critical of her family's assumptions and ambitions. As the boom years of the eighties unfold, Nick, an innocent in the

world of politics and money, finds his life altered by the rising fortunes of this glamorous family. His two vividly contrasting love affairs, one with a young black clerk and one with a Lebanese millionaire, dramatize the dangers and rewards of his own private pursuit of beauty, a pursuit as compelling to Nick as the desire for power and riches among his friends. Richly textured, emotionally charged, disarmingly comic, this is a major work by one of our finest writers.

Monsoon - Robert D. Kaplan
2011-09-13

On the world maps common in America, the Western Hemisphere lies front and center, while the Indian Ocean region all but disappears. This convention reveals the geopolitical focus of the now-departed twentieth century, but in the twenty-first century that focus will fundamentally change. In this pivotal examination of the countries known as “Monsoon Asia”—which include India, Pakistan, China, Indonesia,

Burma, Oman, Sri Lanka, Bangladesh, and Tanzania—bestselling author Robert D. Kaplan shows how crucial this dynamic area has become to American power. It is here that the fight for democracy, energy independence, and religious freedom will be lost or won, and it is here that American foreign policy must concentrate if the United States is to remain relevant in an ever-changing world. From the Horn of Africa to the Indonesian archipelago and beyond, Kaplan exposes the effects of population growth, climate change, and extremist politics on this unstable region, demonstrating why Americans can no longer afford to ignore this important area of the world.

Leaders Eat Last - Simon Sinek 2014-01-07

The New York Times bestseller by the acclaimed, bestselling author of *Start With Why* and *Together is Better*. Now with an expanded chapter and appendix on leading millennials, based on Simon

Sinek's viral video "Millenials in the workplace" (150+ million views). Imagine a world where almost everyone wakes up inspired to go to work, feels trusted and valued during the day, then returns home feeling fulfilled. This is not a crazy, idealized notion. Today, in many successful organizations, great leaders create environments in which people naturally work together to do remarkable things. In his work with organizations around the world, Simon Sinek noticed that some teams trust each other so deeply that they would literally put their lives on the line for each other. Other teams, no matter what incentives are offered, are doomed to infighting, fragmentation and failure. Why? The answer became clear during a conversation with a Marine Corps general. "Officers eat last," he said. Sinek watched as the most junior Marines ate first while the most senior Marines took their place at the back of the line. What's symbolic in the chow hall is deadly serious on

the battlefield: Great leaders sacrifice their own comfort--even their own survival--for the good of those in their care. Too many workplaces are driven by cynicism, paranoia, and self-interest. But the best ones foster trust and cooperation because their leaders build what Sinek calls a "Circle of Safety" that separates the security inside the team from the challenges outside. Sinek illustrates his ideas with fascinating true stories that range from the military to big business, from government to investment banking.

The Western Question in Greece and Turkey - Arnold Toynbee 1922

Capitalism - Arundhati Roy
2014-04-14

The "courageous and clarion" Booker Prize-winner "continues her analysis and documentation of the disastrous consequences of unchecked global capitalism" (Booklist). From the poisoned rivers, barren wells, and clear-cut forests, to the hundreds of thousands of farmers who have

committed suicide to escape punishing debt, to the hundreds of millions of people who live on less than two dollars a day, there are ghosts nearly everywhere you look in India. India is a nation of 1.2 billion, but the country's one hundred richest people own assets equivalent to one-fourth of India's gross domestic product. *Capitalism: A Ghost Story* examines the dark side of democracy in contemporary India and shows how the demands of globalized capitalism have subjugated billions of people to the highest and most intense forms of racism and exploitation. "A highly readable and characteristically trenchant mapping of early-twenty-first-century India's impassioned love affair with money, technology, weaponry and the 'privatization of everything,' and—because these must not be impeded no matter what—generous doses of state violence." —The Nation "A vehement broadside against capitalism in general and American cultural imperialism

in particular . . . an impassioned manifesto.”
—Kirkus Reviews “Roy’s central concern is the effect on her own country, and she shows how Indian politics have taken on the same model, leading to the ghosts of her book’s title: 250,000 farmers have committed suicide, 800 million impoverished and dispossessed Indians, environmental destruction, colonial-like rule in Kashmir, and brutal treatment of activists and journalists. In this dark tale, Roy gives rays of hope that illuminate cracks in the nightmare she evokes.”

He clarifies their contribution to the psychic transformation of a mystic and offers fresh insight into the relation between sexuality and ecstatic mysticism. The Mind of a Terrorist - Kaare Sørensen 2016-06-07

With the Pacing of a Thriller, a Veteran Journalist's Account of the Terrorist behind the Mumbai Attacks and a Planned Attack in Europe David Headley, the American-Pakistani also known as Daood Gilani, lived a double life. One day he would stroll through

Central Park in his tailored Armani suit as a true New Yorker, and the next he would browse in the bazaar in Lahore wearing traditional Pakistani clothes. One day he would drink champagne at the most extravagant clubs; on another he would prostrate himself in prayer in remote Pakistan and pledge fidelity to Allah. Born in 1960, the son of an American mother and Pakistani father, with one blue eye and one brown, Headley grew up between East and West. He was attracted to both worlds, even working as an informant for the US government, until one day he found he had to choose between the place of his birth and a radical form of Islam preaching global jihad. This is the disturbing story of the mastermind behind the 2008 attacks in Mumbai that killed 166 people—who two months later flew to Copenhagen to plan another act of terror with the help of al-Qaeda sleeper cells in Europe. Veteran journalist Kaare Sørensen has reconstructed his movements and planning in a

tense feat of reportage. His account, based on extensive reporting, eyewitness interviews, and documentation including wiretaps, court transcripts, and emails by Headley accessed from a chat

room cache of nine thousand messages, offers unprecedented insight into the mind of the terrorist. The author has provided updates and a new preface for the English-language edition.
