South Carolina Real Estate License Exam

Prep - Stephen Mettling 2020-01-21

Features of South Carolina Real Estate License Exam Prep (SC-RELEP): National Principles & Law Key Point Review (60 pages) Real Estate Math Key Formula Review & Practice (20 pages) South Carolina-Specific Laws and Practices (28 pages) National Practice Tests (500 questions) South Carolina Practice Tests (125 questions) South Carolina Sample Exam (100 questions) We know the real estate licensing exam can be tough, and very nerve-wracking to prepare for. That's why we created the South Carolina Real Estate License Exam Prep (SC-RELEP) the way we did. Since we have been managing real estate schools and developing curriculum for

forty years, we know how all this works – or fails to work. SC-RELEP is comprehensive in that it contains both key content review and testing practice. And the text review is South Carolina-specific – not just simplistic national content, but terse, relevant and accurate South Carolina laws and regulations presented as a well-organized set of state ‘key point reviews’ ideal for pre-test memorization. But let’s not dismiss the importance of the national content either. SC-RELEP’s national key point reviews are a succinct compression of tested national principles and practices that comprise the national portion of state license exams from coast to coast. Our content is drawn from our own national textbook, Principles of Real Estate Practice – one of the most widely used principles textbooks in the country. Finally, our national content, as well as our question selection, is further tailored to the state testing outline promulgated by PSI for South Carolina. Thus the breadth and depth of the law reviews and test

questions reflect the topic emphasis of your state’s testing service and your South Carolina license exam. A word about the test questions... SC-RELEP’s testing practice section consists of ten national practice tests, five state practice tests, and one state exam sample test. The practice tests are roughly 50 questions in length and the sample test is 100 questions. The test questions are designed to cover the content covered by the law reviews – which reinforces your learning of the total body of information tested by your state exam. The questions are direct, to the point, and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question’s answer is accompanied by a brief explanation, or “rationale” to further reinforce your understanding. In the end, as you know, it’s all up to you. Unlike other publications, we are not going to tell you that using this book will guarantee that you pass your

state exam. It still takes hard work and study to pass. But we have done our best here to get you ready. Following that, the most we can do is wish you the best of success in taking and passing your South Carolina real estate exam. So good luck!! For South Carolina students looking for a South Carolina textbook to complement South Carolina Real Estate License Exam Prep, we have Principles of Real Estate Practice in South Carolina.

500 Real Estate Exam Questions - Joseph Fitzpatrick 2015-02-15

Thank you for selecting the RealtySchool.com publication, 500 Real Estate Exam Questions. This textbook contains 500 multiple-choice

practice real estate exam questions to help you PASS the PSI, AMP, or Pearson Vue general-portion real estate exams. All 50 states have their own real estate licensing authorities. As such, each state has determined its own educational requirements and what content is to be tested of new licensing applicants. Each state produces some form of content outline that specifies the number or percentage of questions that will appear on the state exam per content category. The exam topics are usually available on the state's commission or division website. The state exams consist of test questions that fall within two broad categories. The general portion (or national portion) will contain questions based on general real estate principles and practices that are applicable to the real estate practitioner regardless of his or her home state. The state portion consists of issues and laws that are specific to that one state, although many states have similar laws and regulations. Some states separate these two categories into

two different exams while others intermix the questions. The various states employ professional testing companies to administer their exams, the most prevalent of which are currently PSI, AMP, and Pearson Vue. These testing companies produce a candidate bulletin for each state they service that goes into great detail of registration, center locations, how the computer works, the number of test items, passing scores, and perhaps most important, the exam content outline. These testing companies hire any number of test item writers and maintain a bank of several hundred or even several thousand test questions. Many states will randomly select questions from the bank in order to produce an individual exam thus preventing future test takers from knowing all the answers. The 500 questions within this publication are not the questions from the actual state examinations. In fact, no one really knows what is in a state's bank of questions, so don't let anyone fool you by saying, "that's not on the

exam" or "that question will be there for sure." While we don't know any specific questions or answers, we do know the content topics and the "types" of questions that you will likely see. RealtySchool.com and I have published this collection of real estate exam questions to "condition" you and "get you in shape" for your state's real estate licensing exam.

memorization. But let's not dismiss the importance of the national content either. PA-RELEP's national key point reviews are a succinct compression of tested national principles and practices that comprise the national portion of state license exams from coast to coast. Our content is drawn from our own national textbook, Principles of Real Estate Practice - one of the most widely used principles textbooks in the country. Finally, our national content, as well as our question selection, is further tailored to the state testing outline promulgated by PSI for Pennsylvania. Thus the breadth and depth of the law reviews and test questions reflect the topic emphasis of your state's testing service and your Pennsylvania license exam. A word about the test questions... PA-RELEP's testing practice section consists of ten national practice tests, five state practice tests, and one state exam sample test. The practice tests are roughly 50 questions in length and the sample test is 100 questions. The test

questions are designed to cover the content covered by the law reviews - which reinforces your learning of the total body of information tested by your state exam. The questions are direct, to the point, and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question's answer is accompanied by a brief explanation, or "rationale" to further reinforce your understanding. In the end, as you know, it's all up to you. Unlike other publications, we are not going to tell you that using this book will guarantee that you pass your state exam. It still takes hard work and study to pass. But we have done our best here to get you ready. Following that, the most we can do is wish you the best of success in taking and passing your Pennsylvania real estate exam. So good luck!!

Real Estate License Exam Prep - Stephen Mettling 2019-11-18
Features of Real Estate License Exam Prep

(RELEP): National Principles & Law Key Point Review (60 pages) Real Estate Math Key Formula Review & Practice (20 pages) National Practice Tests (500 questions) Sample Exam (75 questions) We know the real estate licensing exam can be tough, and very nerve-wracking to prepare for. That's why we created the Real Estate License Exam Prep (RELEP) the way we did. Since we have been managing real estate schools and developing curriculum for forty years, we know how all this works - or fails to work. First, RELEP is comprehensive in that it contains both key content review and testing practice. RELEP's national key point reviews are a succinct compression of tested national principles and practices that comprise the national portion of state license exams from coast to coast. Our content is drawn from our own national textbook, Principles of Real Estate Practice - one of the most widely used principles textbooks in the country. Thus the breadth and depth of the law reviews and test questions

reflect the topic emphasis of the three major testing services for the national portion of the state exam. A word about the test questions... RELEP's testing practice section consists of ten national practice tests and one sample test. The practice tests are roughly 50 questions in length and the sample test is 75 questions. The questions are direct, to the point, and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question's answer is accompanied by a brief explanation, or "rationale" to further reinforce your understanding. Your particular study and testing practice strategy using RELEP is up to you. But to fully exploit its comprehensive content coverage, you should try to review and memorize the key point reviews as much as possible. Then you should make every effort to take each exam, review your mistakes, and re-read the key point reviews that cover your

weaker areas. One note of caution is also in order: this National edition of RELEP does not contain state laws and practices applicable in your state of residence or where you intend to get your license. Therefore you will need to study state-level laws given to you by your prelicense school in order to pass the state portion of the state exam. While we are in the process of adding state-level materials to our RELEP series we still have a ways to go. So, until we have state review materials for your state, we give you this publication - a total-coverage review and practice resource of the highest quality for the national portion of the state exam. Now that we've have been straightforward with you, a second word of caution. Don't be fooled by other national prep books - that contain no state-level materials - that advertise you will pass your state exam by learning and reviewing what's in their publication. You won't. It is absolutely essential that you develop a comprehensive

understanding of both national and state laws and principles in order to pass your state's license examination. While RELEP is as comprehensive a national prep text as it gets, in the end -- as your prelicense course hopefully informed you -- it's all up to you. It still takes hard work and study to pass. But we have done our best here to get you ready for the national portion of the state exam. Following that, the most we can do is wish you the best of success in taking and passing your state exam. So good luck!!

know the real estate licensing exam can be tough, and very nerve-wracking to prepare for. That's why we created Kentucky Real Estate License Exam Prep (KY-RELEP) the way we did. Since we have been managing real estate schools and developing curriculum for forty years, we know how all this works - or fails to work. KY-RELEP is comprehensive in that it contains both key content review and testing practice. And the text review is Kentucky-specific - not just simplistic national content, but terse, relevant and accurate Kentucky laws and regulations presented as a well-organized set of state 'key point reviews' ideal for pre-test memorization. But let's not dismiss the importance of the national content either. KY-RELEP's national key point reviews are a succinct compression of tested national principles and practices that comprise the national portion of state license exams from coast to coast. Our content is drawn from our own national textbook, Principles of Real Estate

Practice - one of the most widely used principles textbooks in the country. Finally, our national content, as well as our question selection, is further tailored to the state testing outline promulgated by PSI for Kentucky. Thus the breadth and depth of the law reviews and test questions reflect the topic emphasis of your state's testing service and your Kentucky license exam. A word about the test questions... KY-RELEP's testing practice section consists of ten national practice tests, six state practice tests, and one state exam sample test. The practice tests are roughly 50 questions in length and the sample test is 100 questions. The test questions are designed to cover the content covered by the law reviews - which reinforces your learning of the total body of information tested by your state exam. The questions are direct, to the point, and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question's answer is

accompanied by a brief explanation, or “rationale” to further reinforce your understanding. In the end, as you know, it’s all up to you. Unlike other publications, we are not going to tell you that using this book will guarantee that you pass your state exam. It still takes hard work and study to pass. But we have done our best here to get you ready. Following that, the most we can do is wish you the best of success in taking and passing your Kentucky real estate exam. So good luck!!
