Sex and Vanity - Kevin Kwan 2020-06-30

NEW YORK TIMES BESTSELLER • A Good Morning America Book Club Pick The author of the New York Times bestselling phenomenon *Crazy Rich Asians* takes you from Capri to NYC, where Lucie Tang Churchill finds herself torn between two men—and two very different cultures. On her very first morning on the jewel-like island of Capri, Lucie Churchill sets eyes on George Zao and she instantly can't stand him. She can't stand it when he gallantly offers to trade hotel rooms with her so that she can have a view of the Tyrrhenian Sea, she can't stand that he knows more about Casa Malaparte than she does, and she really can't stand it when he kisses her in the darkness of the ancient ruins of a Roman villa and they are caught by her snobbish, disapproving cousin Charlotte. The daughter of an American-born Chinese mother and a blue-blooded New York father, Lucie has always sublimated the Asian side of herself in favor of the white side, and she adamantly denies having feelings for George. But several years later, when George unexpectedly appears in East Hampton, where Lucie is weekendending with her new fiancé, Lucie finds herself drawn to George again. Soon, Lucie is spinning a web of deceit that involves her family, her fiancé, the co-op board of her Fifth Avenue apartment building, and, ultimately, herself as she tries mightily to deny George entry into her world—and her heart. Moving between summer playgrounds of privilege, peppered with decadent food and extravagant fashion, *Sex and Vanity* is a truly modern love story, a daring homage to *A Room with a View*, and a brilliantly funny comedy of manners set between two cultures.

The Culture of Singapore English - Jock O. Wong 2014-06-12

This book provides a fresh approach to Singapore English, by focusing on its cultural connotations. The author, a native Singaporean, explores a range of aspects of this rich variety of English - including address forms, cultural categories, particles and interjections - and links particular words to particular cultural norms. By using the Natural Semantic Metalanguage (NSM) approach, which is free from technical terminology, he explains the relationship between meaning and culture with maximal clarity, and an added strength of this study lies in its use of authentic examples and pictures, which offer a fascinating glimpse of Singaporean life. Through comparisons with Anglo English, it also explores some difficulties associated with Standard English and cultural misunderstanding. Lending a unique local perspective and written with an incisiveness that makes it ideal for both academic and non-academic readers, this book will appeal to all those interested in Singapore English and its cultural values.

One Hundred Years of Singapore - Walter Makepeace 1921

Reel Inequality - Nancy Wang Yuen 2016-12-12

When the 2016 Oscar acting nominations all went to whites for the second consecutive year, #OscarsSoWhite became a trending topic. Yet these enduring racial biases afflict not only the Academy Awards, but also Hollywood as a whole. Why do actors of color, despite exhibiting talent and bankability, continue to lag behind white actors in presence and prominence? *Reel Inequality* examines the structural barriers minority actors face in Hollywood, while shedding light on how they survive in a racist industry. The book charts how white male gatekeepers dominate Hollywood, breeding a culture of ethnocentric storytelling and casting. Nancy Wang Yuen interviewed nearly a hundred working actors and drew on published interviews with celebrities, such as Viola Davis, Chris Rock, Gina Rodriguez, Oscar Isaac, Lucy Liu, and Ken Jeong, to explore how racial stereotypes categorize and constrain actors. Their stories reveal the day-to-day racism actors of color experience in talent agents' offices, at auditions, and on sets. Yuen also exposes sexist hiring and programming practices, highlighting the structural inequalities that actors of color, particularly women, continue to face in Hollywood. This book not only conveys the harsh realities of racial inequality in Hollywood, but also provides vital insights from actors who have succeeded on their own terms, whether by sidestepping the system or subverting it from within. Considering how their struggles impact real-world attitudes about race and diversity, *Reel Inequality* follows actors of color as they suffer, strive, and thrive in Hollywood.

Minor Feelings - Cathy Park Hong 2020-02-25

NEW YORK TIMES BESTSELLER • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD WINNER • ONE OF TIME’S 100 MOST INFLUENTIAL PEOPLE • A ruthlessly honest, emotionally charged, and utterly original exploration of Asian American consciousness “Brilliant . . . To read this book is to become more human.”—Claudia Rankine, author of *Citizen In* development as a television series starring and adapted by Greta Lee • One of Time’s 10 Best Nonfiction Books of the Year • Named One of the Best Books of the Year by The New York Times, The Washington Post, NPR, New Statesman, BuzzFeed, Esquire, The New York Public Library, and Book Riot Poet and essayist Cathy Park Hong fearlessly and provocatively blends memoir, cultural criticism, and history to expose fresh truths about racialized consciousness in America. Part memoir and part cultural criticism, this collection is vulnerable, humorous, and provocative—and its relentless and riveting pursuit of vital questions around family and friendship, art and politics, identity and individuality, will change the way you think about our world. Binding these essays together is Hong’s theory of “minor feelings.” As the daughter of Korean immigrants, Cathy Park Hong grew up steeped in shame, suspicion, and melancholy. She would later understand that these “minor feelings” occur when American optimism contradicts your own reality—when you believe the lies you’re told about your own racial identity. Minor feelings are not small, they’re dissonant—and in their tension Hong finds the key to the questions that haunt her. With sly humor and a poet’s searching mind, Hong uses her own story as a portal into a deeper examination of racial consciousness in America today. This intimate and devastating book traces her relationship to the English language, to shame and depression, to poetry and female friendship. A radically honest work of art, *Minor Feelings* forms a portrait of one Asian American psyche—and of a writer’s search to both uncover and speak the truth. Praise for *Minor Feelings* “Hong begins her new book of essays with a bang. . . .The essays wander a variegated terrain of memoir, criticism and polemic, oscillating between smooth proclamations of certainty and twitches of self-doubt. . . . *Minor Feelings* is studded with moments [of] candor and dark humor shot through with glittering self-awareness.”—The New York Times “Hong uses her own experiences as a jumping off point to examine race and emotion in the United States.”—Newsweek “Powerful . . . [Hong] brings together memoiristic personal essay and reflection, historical accounts and modern reporting, and other works of art and writing, in order to amplify a multitude of voices and capture Asian America as a collection of contradictions. She does so with sharp wit and radical transparency.”—Salon

How Asia Works - Joe Studwell 2013-07-02

“A good read for anyone who wants to understand what actually determines whether a developing economy will succeed” (Bill Gates, “Top 5 Books of the Year”). An Economist Best Book of the Year from a reporter who has spent two decades in the region, and who The Financial Times said “should be named chief myth-buster for Asian business.” In *How Asia Works*, Joe Studwell distills his extensive research into the economies of nine countries—Japan, South Korea, Taiwan, Indonesia, Malaysia, Thailand, the Philippines, Vietnam, and China—into an accessible, readable narrative that debunks Western misconceptions, shows what really happened in Asia and why, and for once makes clear why some countries have boomed while others have languished. Studwell’s in-depth analysis focuses on three main areas: land policy, manufacturing, and finance. Land reform has been essential to the success of Asian economies, giving a kick-start to development by utilizing a large workforce and providing capital for growth. With manufacturing, industrial development alone is not sufficient, Studwell argues. Instead, countries need “export discipline,” a government that forces companies to compete on the global scale. And in finance, effective regulation is essential for fostering, and sustaining growth. To explore all of these subjects, Studwell journeys far and wide, drawing on fascinating examples from a Philippine sugar baron’s stifling of reform to the explosive growth at a Korean steel mill. “Provocative . . . *How Asia Works* is a striking and enlightening book . . . A lively mix of scholarship, reporting and polemic.” —The Economist

In this book, Elman gives a nuanced account of the ways in which native Chinese science evolved over four centuries, under the influence of both Jesuit and Protestant missionaries. In the end, he argues, the Chinese produced modern science on their own terms.

The Joy Luck Club - Amy Tan 2006-09-21

"The Joy Luck Club is one of my favorite books. From the moment I first started reading it, I knew it was going to be incredible. For me, it was one of those once-in-a-lifetime reading experiences that you cherish forever. It inspired me as a writer and still remains hugely inspirational." —Kevin Kwan, author of *Crazy Rich Asians* Amy Tan's beloved, New York Times bestselling tale of mothers and daughters, now the focus of a new documentary Amy Tan: Unintended Memoir on Netflix Four mothers, four daughters, four families whose histories shift with the four winds depending on who's "saying" the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. "To despair was to wish back for something already lost. Or to prolong what was already unbearable." Forty years later the stories and history continue. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.

Ministry of Moral Panic - Amanda Lee Koe 2016-12-05

Winner of Best Fiction Title for Singapore Book Awards 2016 Winner of the Singapore Literature Prize for Fiction 2014 Longlisted for the Frank O'Connor International Short Story Award 2014 Selected by The Business Times as one of the Top 10 English Singapore books from 1965–2015 Meet an over-the-hill Pop Yéyé singer with a faulty heart, two conservative middle-aged women holding hands in the Galápagos, and the proprietor of a Laundromat with a penchant for Cantonese songs of heartbreak. Rehash national icons: the truth about racial riot fodder-girl Maria Hertogh living out her days as a chambermaid in Lake Tahoe, a mirage of the Merlion as a ladyboy working Orchard Towers, and a high-stakes fantasy starring the still-suave lead of the 1990s TV hit serial *The Unbeatables*. Heartfelt and sexy, the stories of Amanda Lee Koe encompass a skewed world fraught with prestige anxiety, moral relativism, sexual frankness, and the improbable necessity of human connection. Told in strikingly original prose, these are fictions that plough, relentlessly, the possibilities of understanding Singapore and her denizens discursively, off-centre. *Ministry of Moral Panic* is an extraordinary debut collection and the introduction of a revelatory new voice.

The Coming Man from Canton - Chris W. Merritt 2017

In *The Coming Man from Canton* Christopher W. Merritt mines the historical and archaeological record of the Chinese immigrant experience in Montana to explore new questions and perspectives. During the 1860s Chinese immigrants arrived by the thousands, moving into the Rocky Mountain West and tenaciously searching for prosperity in the face of resistance, restriction, racism, and armed hostility from virtually every ethnic group in American society. As second-class citizens, Chinese immigrants remained largely

insular and formed their own internal governments as well as labor and trade networks, typically establishing communities apart from the main towns. Chinese miners, launderers, restaurant keepers, gardeners, railroad laborers, and other workers became a separate but integral part of the American experience in the Intermountain West. Although Chinese immigrants constituted more than 10 percent of the Montana Territory's total population by 1870, the historical records provide a biased and narrow perspective, as they were generally written by European American community members. Merritt uses the statewide Montana context to show the diversity of Chinese settlements that has often been neglected by archival studies. His research highlights how the legacy of the Chinese in Montana is, or is not, reflected in modern Montana identity and how scholars, educators, professionals, and the public can alter the existing perception of this population as the "other" and perceive it instead an integral part of Montana's past.

Crazy Rich Asians - Kevin Kwan 2013-06-11

Crazy Rich Asians is the outrageously funny debut novel about three super-rich, pedigreed Chinese families and the gossip, backbiting, and scheming that occurs when the heir to one of the most massive fortunes in Asia brings home his ABC (American-born Chinese) girlfriend to the wedding of the season. What she doesn't know is that Nick's family home happens to look like a palace, that she'll ride in more private planes than cars, and that with one of Asia's most eligible bachelors on her arm, Rachel might as well have a target on her back. Initiated into a world of dynastic splendor beyond imagination, Rachel meets Astrid, the It Girl of Singapore society; Eddie, whose family practically lives in the pages of the Hong Kong socialite magazines; and Eleanor, Nick's formidable mother, a woman who has very strong feelings about who her son should--and should not--marry. Uproarious, addictive, and filled with jaw-dropping opulence, *Crazy Rich Asians* is an insider's look at the Asian JetSet; a perfect depiction of the clash between old money and new money; between Overseas Chinese and Mainland Chinese; and a fabulous novel about what it means to be young, in love, and gloriously, crazily rich.

The Kingdom of Women - Choo Wai Hong 2020-05-05

In a mist-shrouded valley on China's invisible border with Tibet is a place known as the "Kingdom of Women," where a small tribe called the Mosuo lives in a cluster of villages that have changed little in centuries. In a mist-shrouded valley on China's invisible border with Tibet is a place known as the "Kingdom

of Women," where a small tribe called the Mosuo lives in a cluster of villages that have changed little in centuries. This is one of the last matrilineal societies on earth, where power lies in the hands of women. All decisions and rights related to money, property, land and the children born to them rest with the Mosuo women, who live completely independently of husbands, fathers and brothers, with the grandmother as the head of each family. A unique practice is also enshrined in Mosuo tradition—that of "walking marriage," where women choose their own lovers from men within the tribe but are beholden to none.

The Comfort Women - C. Sarah Soh 2020-05-15

In an era marked by atrocities perpetrated on a grand scale, the tragedy of the so-called comfort women—mostly Korean women forced into prostitution by the Japanese army—endures as one of the darkest events of World War II. These women have usually been labeled victims of a war crime, a simplistic view that makes it easy to pin blame on the policies of imperial Japan and therefore easier to consign the episode to a war-torn past. In this revelatory study, C. Sarah Soh provocatively disputes this master narrative. Soh reveals that the forces of Japanese colonialism and Korean patriarchy together shaped the fate of Korean comfort women—a double bind made strikingly apparent in the cases of women cast into sexual slavery after fleeing abuse at home. Other victims were press-ganged into prostitution, sometimes with the help of Korean procurers. Drawing on historical research and interviews with survivors, Soh tells the stories of these women from girlhood through their subjugation and beyond to their efforts to overcome the traumas of their past. Finally, Soh examines the array of factors— from South Korean nationalist politics to the aims of the international women's human rights movement—that have contributed to the incomplete view of the tragedy that still dominates today.

The Sociology of Southeast Asia - Victor T. King 2008

One of the main problems faced by teachers and students who have a scholarly interest in Southeast Asia is the lack of general, user-friendly texts in the social sciences. The absence of an introduction to the sociology of Southeast Asia is especially unfortunate. This volume attempts to meet these needs. This is, then, the first sole-authored introductory sociology text on Southeast Asia that focuses on change and development in the region, provides an overview of the important sociological and political economy writings, and considers the key concepts and themes in the field since 1945. Some multiauthored works do exist but these either are outdated or focus on specialized topics. Aimed primarily at undergraduates up to the final year, it will also be a useful reference work for post-graduates and researchers who lack such a general work.

Sojourners and Settlers - Clarence E. Glick 2017-04-30

Among the many groups of Chinese who migrated from their ancestral homeland in the nineteenth century, none found a more favorable situation than those who came to Hawaii. Coming from South China, largely as laborers for sugar plantations and Chinese rice plantations but also as independent merchants and craftsmen, they arrived at a time when the tiny Polynesian kingdom was being drawn into an international economic, political, and cultural world. *Sojourners and Settlers* traces the waves of Chinese immigration, the plantation experience, and movement into urban occupations. Important for the migrants were their close ties with indigenous Hawaiians, hundreds establishing families with Hawaiian wives. Other migrants brought Chinese wives to the islands. Though many early Chinese families lived in the section of Honolulu called "Chinatown," this was never an exclusively Chinese place of residence, and under Hawaii's relatively open pattern of ethnic relations Chinese families rapidly became dispersed throughout Honolulu.

Chinatown was, however, a nucleus for Chinese business, cultural, and organizational activities. More than two hundred organizations were formed by the migrants to provide mutual aid, to respond to discrimination under the monarchy and later under American laws, and to establish their status among other Chinese and Hawaii's multiethnic community. Professor Glick skillfully describes the organizational network in all its subtlety. He also examines the social apparatus of migrant existence: families, celebrations, newspapers, schools—in short, the way of life. Using a sociological framework, the author provides a fascinating account of the migrant settlers' transformation from villagers bound by ancestral clan and tradition into participants in a mobile, largely Westernized social order.

Jack Flowers, saint or sinner, caught a passing bumboat into Singapore and got a job as a water-clerk to a

Chinese ship chandler. Now, on the side, he offers girls (indeed 'anything, anything at all') to tourists, sailors, residents and expatriates, but he is haunted by his lack of worldly success and his fifty-three years weigh heavily on him. So when he agrees to act as blackmailer for the faintly sinister American, Edwin Shuck, in a plot against a general from Vietnam, he has high, not to mention wild, hopes of triumph. These are the outrageous confessions of an ingenious con man in the seedy and unforgettable world of expatriates amidst imperial ruins.
