Titanicat - Marty Crisp 2013-08-15

Young Jim Mulholland can't believe his good luck: He has signed on as a cabin boy to the world's finest ocean liner, the Titanic, and can't wait for the history-making voyage across the sea to America. As part of his duties Jim is in charge of the ship's cat, a beautiful tortoiseshell that also appears happy to be on board. He calls the cat by the ship's construction number, 4-0-1, certain that she will bring him good luck. And he's delighted when 4-0-1 shortly gives birth to a litter of kittens. But once the ship's trial runs are completed and it's ready to launch to sea, Jim notices that 4-0-1 is nowhere to be found. He's got to find her-the Titanic can't cast off without her lucky cat. Jim is faced with a decision that will affect the rest of his life. A newspaper journalist for 30 years, Marty Crisp often writes about the animals that hold a special interest and place in her heart. Disaster Songs as Intangible Memorials in Atlantic Canada -

Heather Sparling 2022-12-30

Disaster Songs as Intangible Memorials in Atlantic Canada draws on a

collection of over 600 songs relating to Atlantic Canadian disasters from 1891 up until the present and describes the characteristics that define them as intangible memorials. The book demonstrates the relationship between vernacular memorials - informal memorials collectively and spontaneously created from a variety of objects by the general public - and disaster songs. The author identifies the features that define vernacular memorials and applies them to disaster songs: spontaneity, ephemerality, importance of place, motivations and meaning-making, content, as well as the role of media in inspiring and disseminating memorials and songs. African Appropriations - Matthias Krings 2015-07-20

This exploration of African adaptations of global pop culture is "a genuinely innovative book unlike most others in either anthropology or African studies" (*American Ethnologist*). Why would a Hollywood film become a Nigerian video remake, a Tanzanian comic book, or a Congolese music video? Matthias Krings explores the myriad ways Africans respond to the relentless onslaught of global culture. He seeks out places where they have adapted pervasive cultural forms to their own purposes as photo novels, comic books, songs, posters, and even scam letters. These African appropriations reveal the broad scope of cultural mediation that is characteristic of our hyperlinked age. Krings argues that there is no longer an "original" or "faithful copy," but only endless transformations that thrive in the fertile ground of African popular culture. "The text is jargon free, a pleasure to read, remarkably well researched, and enriched by 40 illustrations . . . Highly recommended." —Choice

Titanic - James Horner 1997

NEVER AN ABSOLUTION SOUTHAMPTON ROSE TAKE HER TO SEA MR MURDOCH HARD TO STARBOARD UNABLE TO STAY UNWILLING TO LEAVE HYMN TO THE SEA MY HEART WILL GO ON (LOVE THEME)
The Band that Played On - Steve Turner 2012-09-26

"They kept it up to the very end. Only the engulfing ocean had power to drown them into silence. The band was playing 'Nearer, My God, to Thee.' I could hear it distinctly. The end was very close." —CHARLOTTE COLLYER, TITANIC SURVIVOR The movies, the documentaries, the museum exhibits. They often tell the same story about the "unsinkable" Titanic, her wealthy passengers, the families torn apart, and the unthinkable end. But never before has "that glorious band"—the group of eight musicians who played on as the Titanic slipped deeper and deeper into the Atlantic Ocean—been explored in such depth. Steve Turner's extensive research reveals a fascinating story including dishonest agents, a clairvoyant, social climbers, and a fraudulent violin maker. Read what brought the band members together and how their music served as the haunting soundtrack for one of modern history's most tragic maritime

disasters. BOOK REVIEWS The Band that Played On by Steve Turner is, surprisingly, the first book since the great ship went down to examine the lives of the eight musicians who were employed by the Titanic. What these men did?standing calmly on deck playing throughout the disaster?achieved global recognition. But their individual stories, until now, have been largely unknown. What Turner has uncovered is a narrow but unique slice of history?one more chapter of compelling Titanic lore. Turner, a music journalist, pursued living relatives of the band members and squeezed all that he could out of "inherited photographs, documents, and anecdotes" enabling him to sketch brief but poignant portraits of eight young (or at least youngish) men, all born in an optimistic era and all members of the rising middle class. To their parents, their girlfriends, and surely to themselves as well, the future must have seemed bright right up until the early morning hours of April 15, 1912... There is much that we do not know about the final hours of these men. Why did they make the decision to play on the deck that night? What was in their hearts and minds? ... Even the Titanic survivors who witnessed their final performance quibbled over some details. Did the band march or did they kneel? Was their last number "Autumn" or was it "Nearer, My God, to Thee"? Did they stop playing during the final moments and pack their instruments away or were they still playing as the ship went down? All agreed, however, that all eight band members behaved with remarkable calm and courage. Within hours of the ship's sinking, their story was circulating and they had already become heroes... For Turner, however, the undisputed hero of the book is Wallace Hartley, a fine musician with religious conviction and a powerful sense of duty who seems most likely to have been the force behind those final hours of heroism. In the last pages of the book, Turner reveals a surprising Hartley discovery?a turn of events which makes a fine ending for his worthy book, even as it leaves us hopeful that the Titanic may yet have a few mysteries she is willing to give up. —Marjorie Kehe, Book Editor, Christian Science Monitor

British ballads and songs - Vance Randolph 1980

American History in Song - Diane Holloway 2001

Songwriters dramatically captured the details of how Americans lived, thought and changed in the first half of the twentieth century. This book examines 1033 songs about WWI and WWII wars, presidents, Women's Suffrage, Prohibition, the Great Depression, immigration, minority stereotypes, new modes of transportation, inventions, and the changing roles of men and women. America invited immigrants and went to war to ensure democracy but within its borders, lyrics display intolerant attitudes toward women, blacks, and ethnic groups. Songs covered labor strikes, communism, lynchings, women voting and working, love, sex, airships, radio, telephones, the lure of movies and new movie star role models, drugs, smoking, and the atom bomb. History books cannot match the humor, poignancy, poetry and thrill of lyrics in describing the

essence of American life as we moved from a rural white male dominated society toward an urban democracy that finally included women and minorities.

Shadow of the Titanic - Andrew Wilson 2012-03-06

IN the early morning hours of April 15, 1912, the icy waters of the North Atlantic reverberated with the desperate screams of more than 1,500 men, women, and children—passengers of the once majestic liner Titanic. Then, as the ship sank to the ocean floor and the passengers slowly died from hypothermia, an even more awful silence settled over the sea. The sights and sounds of that night would haunt each of the vessel's 705 survivors for the rest of their days. Although we think we know the story of Titanic—the famously luxurious and supposedly unsinkable ship that struck an iceberg on its maiden voyage from Britain to America—very little has been written about what happened to the survivors after the tragedy. How did they cope in the aftermath of this horrific event? How did they come to remember that night, a disaster that has been likened to the destruction of a small town? Drawing on a wealth of previously unpublished letters, memoirs, and diaries as well as interviews with survivors' family members, award-winning journalist and author Andrew Wilson reveals how some used their experience to propel themselves on to fame, while others were so racked with guilt they spent the rest of their lives under the Titanic's shadow. Some reputations were destroyed, and some survivors were so psychologically damaged that they took their own lives in the years that followed. Andrew Wilson brings to life the colorful voices of many of those who lived to tell the tale, from famous survivors like Madeleine Astor (who became a bride, a widow, an heiress, and a mother all within a year), Lady Duff Gordon, and White Star Line chairman J. Bruce Ismay, to lesser known second- and third-class passengers such as the Navratil brothers—who were traveling under assumed names because they were being abducted by their father. Today, one hundred years after that fateful voyage, *Shadow of the Titanic* adds an important new dimension to our understanding of this enduringly fascinating story.

Trusting and its Tribulations - Vigdis Broch-Due 2016-04-01

Despite its immense significance and ubiquity in our everyday lives, the complex workings of trust are poorly understood and theorized. This volume explores trust and mistrust amidst locally situated scenes of sociality and intimacy. Because intimacy has often been taken for granted as the foundation of trust relations, the ethnographies presented here challenge us to think about dangerous intimacies, marked by mistrust, as well as forms of trust that cohere through non-intimate forms of sociality.

Spirit of the Titanic - Nicola Pierce 2013-06-07

Fifteen-year-old Samuel Scott died while building the Titanic. As the ship sails to her doom, his ghost moves restlessly alongside the passengers and crew: Frederick Fleet: the young look-out who spotted the iceberg and who survived in a life-boat with (the unsinkable) Molly Brown; Howard Hartley Wallace: the heroic band-leader who played ragtime music as the freezing waters lapped at his feet; Harold Bride: the junior radio operator whose messages echoed on, long after the ship had disappeared to its icy grave ...

The Original Blues - Lynn Abbott 2017-02-27

With this volume, Lynn Abbott and Doug Seroff complete their groundbreaking trilogy on the development of African American popular music. Fortified by decades of research, the authors bring to life the performers, entrepreneurs, critics, venues, and institutions that were most crucial to the emergence of the blues in black southern vaudeville theaters; the shadowy prehistory and early development of the blues is illuminated, detailed, and given substance. At the end of the nineteenth century, vaudeville began to replace minstrelsy as America's favorite form of stage entertainment. Segregation necessitated the creation of discrete African American vaudeville theaters. When these venues first gained popularity ragtime coon songs were the standard fare. Insular black southern theaters provided a safe haven, where coon songs underwent rehabilitation and blues songs suitable for the professional stage were formulated. The process was energized by dynamic interaction between the performers and their racially-exclusive audience. The first blues star of black vaudeville was Butler "String Beans" May, a blackface comedian from Montgomery, Alabama. Before his bizarre, senseless death in 1917, String Beans was recognized as the "blues master piano player of the world." His musical legacy, elusive and previously unacknowledged, is preserved in the repertoire of country blues singer-guitarists and pianists of the race recording era. While male blues singers remained tethered to the role of blackface comedian, female "coon shouters" acquired a more dignified aura in the emergent

persona of the "blues queen." Ma Rainey, Bessie Smith, and most of their contemporaries came through this portal; while others, such as forgotten blues heroine Ora Criswell and her protégé Trixie Smith, ingeniously reconfigured the blackface mask for their own subversive purposes. In 1921 black vaudeville activity was effectively nationalized by the Theater Owners Booking Association (T.O.B.A.). In collaboration with the emergent race record industry, T.O.B.A. theaters featured touring companies headed by blues queens with records to sell. By this time the blues had moved beyond the confines of entertainment for an exclusively black audience. Small-time black vaudeville became something it had never been before—a gateway to big-time white vaudeville circuits, burlesque wheels, and fancy metropolitan cabarets. While the 1920s was the most glamorous and remunerative period of vaudeville blues, the prior decade was arguably even more creative, having witnessed the emergence, popularization, and early development of the original blues on the African American vaudeville stage.

Sounds Like Titanic: A Memoir - Jessica Chiccehitto Hindman 2019-02-12

A young woman leaves Appalachia for life as a classical musician—or so she thinks. When aspiring violinist Jessica Chiccehitto Hindman lands a job with a professional ensemble in New York City, she imagines she has achieved her lifelong dream. But the ensemble proves to be a sham. When the group “performs,” the microphones are never on. Instead, the music blares from a CD. The mastermind behind this scheme is a peculiar and mysterious figure known as The Composer, who is gaslighting his audiences with music that sounds suspiciously like the Titanic movie soundtrack. On tour with his chaotic ensemble, Hindman spirals into crises of identity and disillusionment as she “plays” for audiences genuinely moved by the performance, unable to differentiate real from fake. *Sounds Like Titanic* is a surreal, often hilarious coming-of-age story. Hindman writes with precise, candid prose and sharp insight into ambition and gender, especially when it comes to the difficulties young women face in a world that views them as silly, shallow, and stupid. As the story swells to a crescendo, it gives voice to the anxieties and illusions of a generation of women, and reveals the failed promises of a nation that takes comfort in false realities.

Wasn't That a Mighty Day - Luigi Monge 2022-09-15

Wasn't That a Mighty Day: African American Blues and Gospel Songs on Disaster takes a comprehensive look at sacred and secular disaster songs, shining a spotlight on their historical and cultural importance.

Featuring newly transcribed lyrics, the book offers sustained attention to how both Black and white communities responded to many of the tragic events that occurred before the mid-1950s. Through detailed textual analysis, Luigi Monge explores songs on natural disasters (hurricanes, floods, tornadoes, and earthquakes); accidental disasters (sinkings, fires, train wrecks, explosions, and air disasters); and infestations, epidemics, and diseases (the boll weevil, the jake leg, and influenza). Analyzed songs cover some of the most well-known disasters of the time period from the sinking of the Titanic and the 1930 drought to the Hindenburg accident, and more. Thirty previously unreleased African American disaster songs appear in this volume for the first time, revealing their pertinence to the relevant disasters. By comparing the song lyrics to critical moments in history, Monge is able to explore how deeply and directly these catastrophes affected Black communities; how African Americans in general, and blues and gospel singers in particular, faced and reacted to disaster; whether these collective tragedies prompted different reactions among white people and, if so, why; and more broadly, how the role of memory in recounting and commenting on historical and cultural facts shaped African American society from 1879 to 1955.

Time Out of Mind - Ian Bell 2013-09-12

By the middle of the 1970s, Bob Dylan's position as the pre-eminent artist of his generation was assured. The 1975 album *Blood on the Tracks* seemed to prove, finally, that an uncertain age had found its poet. Perverse or driven, Dylan refused the role. By the decade's end, the counter-culture's poster child had embraced conservative, evangelical Christianity. Fans and critics alike were confused; many were aghast. Still the hits kept coming. Then Dylan faltered. His instincts, formerly unerring, deserted him. In the 1980s, what had once appeared unthinkable came to pass: the 'voice of a generation' began to sound irrelevant, a tale told to grandchildren. Yet in the autumn of 1997 something remarkable happened. Having failed to release a single new song in seven long years, Dylan put out the equivalent of two albums in a single package. He called it *Time Out of Mind*. So began the renaissance, artistic and personal, that culminated in 2012's acclaimed *Tempest*. In the concluding volume of his groundbreaking study, Ian Bell explores the unparalleled second act in a quintessentially American career. It is a tale of redemption, of an act of creative will against the odds, and of a writer who refused to fade away. *Time Out of Mind* is the story of the latest, perhaps the last, of the many Bob Dylans. This one might yet turn out to have been the most important of them all.

The Titanic on Film - Linda Maria Koldau 2014-01-10

The narrative surrounding the Titanic's voyage, collision, and sinking in April 1912 seems tailor-made for film. With clear categories of gender, class, nationality, and religion, the dominating Titanic myth offers a wealth of motifs ripe for the silver screen—heroism, melodrama, love, despair, pleasure, pain, failure, triumph, memory and eternal guilt. This volume provides a detailed overview of Titanic films from 1912 to the present and analyzes the six major Titanic films, including the 1943 Nazi propaganda production, the 1953 Hollywood film, the 1958 British docudrama *A Night to Remember*, the 1979 TV production *S.O.S. Titanic*, the 1996 mini-series *Titanic*, and James Cameron's 1997 blockbuster. By showing how each film follows and builds on a pattern of fixed scenes, motifs and details defined as the "Titanic code," this work yields telling insights into why this specific disaster has maintained such great relevance into the 21st century.
